Description: This solid hardwood additional shelf can be ordered to provide additional shelving for the Adjustable Storage Units.					
Adjustable Panel 32"(81cm)		F748	155.00	each	<input type="text"/>
Description: The Adjustable Panel stretches to fill in those extra inches when you divide a room. Constructed of hardwood plywood with a solid hardwood frame with rounded edges and corners for safety. Panels do not stand alone. Combine with other Roomscapes panels and shelves to divide your room creatively. Roomscapes is a modular system allowing you to connect shelves and panels at 45° and 90° angles or straight in line. Ideal for room dividers. Dimensions: 24"-36"L x 32"H					
Adjustable Shelf 2'(63cm) x 24"(61cm)		F621	225.00	each	<input type="text"/>
Description: This Adjustable Shelf is constructed of solid hardwood with rounded corners, protected by a tough, child-safe finish. The unit has an adjustable shelf which can be moved up and down easily without tools. Assembled using mortise and tenon joinery for strength. Mobility when you want it: flip up the toe trim, relocate the shelf, then drop the trim to disengage and hide the casters, locking the shelf in place. Make use of the shelf back: attach one of our covers using the built-in hook and loop surface. Shelf can stand alone, or be connected to other Roomscapes shelves and panels using posts. Roomscapes is a modular system allowing you to connect shelves and panels at 45° and 90° angles or straight in line. Ideal for room dividers. Dimensions: 24.75"L x 24"H x 14.5"W					
Adjustable Shelf 2'(63cm) x 32"(81cm)		F622	280.00	each	<input type="text"/>
Description: This Adjustable Shelf is constructed of solid hardwood with rounded corners, protected by a tough, child-safe finish. The unit has two adjustable shelves which can be moved up and down easily without tools. Assembled using mortise and tenon joinery for strength. Mobility when you want it: flip up the toe trim, relocate the shelf, then drop the trim to disengage and hide the casters, locking the shelf in place. Make use of the shelf back: attach one of our covers using the built-in hook and loop surface. Shelf can stand alone, or be connected to other Roomscapes shelves and panels using posts. Roomscapes is a modular system allowing you to connect shelves and panels at 45° and 90° angles or straight in line. Ideal for room dividers. Dimensions: 24.75"L x 32"H x 14.5"W					
Adjustable Shelf 2'(63cm) x 40"(102cm)		F623	335.00	each	<input type="text"/>
Description: This Adjustable Shelf is constructed of solid hardwood with rounded corners, protected by a tough, child-safe finish. The unit has three adjustable shelves which can be moved up and down easily without tools. Assembled using mortise and tenon joinery for strength. Mobility when you want it: flip up the toe trim, relocate the shelf, then drop the trim to disengage and hide the casters, locking the shelf in place. Make use of the shelf back: attach one of our covers using the built-in hook and loop surface. Shelf can stand alone, or be connected to other Roomscapes shelves and panels using posts. Airplane		T76	59.00	each	<input type="text"/>
Description: The Airplane has an aerodynamic look through gently rounded corners and the 14" sweptback wing span. Three rolling wheels, and the front "ball-hitch" let children move the plane around the airport. Community vehicles have simple, uncluttered designs that encourage imagination. Children will create their own villages and towns using Blocks, Small Trucks, Airplanes and Helicopters, together with plenty of Village Vehicles. These durable, solid hardwood toys have gently rounded edges and corners, protected with a child-safe clear finish. Includes 3 Villagers. Dimensions: 15"L					
Arch, 36"(94cm) x 24"(61cm)		F831	64.00	each	<input type="text"/>
Description: Arches are inviting doorways into activity areas, communicating boundaries and pathways. "You're leaving the block corner – come into the play house." A child-size Roman arch adds architectural drama to your room. Constructed of solid hardwood with rounded edges and corners for safety. This Arch does not stand alone. Combine with other Roomscapes panels and shelves to divide your room creatively. Or stack on top of a shelf for a peek-a-boo window. Roomscapes is a modular system allowing you to connect shelves and panels at 45° and 90° angles or straight in line. Ideal for room dividers. Dimensions: 36.75"L x 24"H					
Arch, 36"(94cm) x 48"(122cm)		F833	87.00	each	<input type="text"/>

Product Name	Mfg's Name	Vendor's Item Number	Price (\$)	Unit Of Measure	Qty
Description: Arches are inviting doorways into activity areas, communicating boundaries and pathways. "You're leaving the block corner – come into the play house." This Arch is wheelchair accessible. Constructed of solid hardwood with rounded edges and corners for safety. Arches do not stand alone. Combine with other Roomscapes panels and shelves to divide your room creatively. Roomscapes is a modular system allowing you to connect shelves and panels at 45° and 90° angles or straight in line. Ideal for room dividers. Dimensions: 36.75"L x 48"H					
Arches Kit		C706	125.00	each	
Description: The Arches Kit is for use with the Dress-Up Unit. This Drama Center starts with the sturdy Dress-Up unit, complete with lots of storage space. Set the Arches into the holes, toss a Flowie over them, and you have an instant stage, house, or backdrop that will let a child's imagination soar. Drama Center provides well-organized storage in six totes; hooks or holes for hangers, to store clothes; and a securely attached oval acrylic mirror. This double-sided unit can be accessed from either side. Dress-Up Unit can accommodate 4 Arches that rotate freely in holes. Arches fold against unit for storage or you can remove and store them separately. Dimensions: 30"W x 51"H					
Art Island		H530	670.00	each	
Description: The Art Island offers generous easel space with built-in storage. Double-sided magnetic whiteboards work for paint, dry erase markers or magnetized shapes. Children can attach their own paper using the extra strong magnets. Wooden handholds assist mildly disabled children and are a convenient place for hanging aprons. Adjustable shelf is convenient for paper storage or optional totes. Totes also fit between the A-frame whiteboards. Paint Trays hold art equipment and catch drips. They snap firmly in place and remove easily for cleanup. Hide-away wheels – Flip up the toe trim of the shelf, move it where you want, then drop the trim to disengage and hide the casters. Art Island can become a Floor Easel at a moment's notice – just release the latches and lift the A-frame off the base. There is space for 4 shallow totes (Totes not included). Includes: High Storage Unit, Easel Frame, 2 Whiteboards, and 10 Magnets. Dimensions: 53"H x 25"W x 52"L					
Art Island Top / Floor Easel		H525	320.00	each	
Description: This Floor Easel is ideal for toddlers who can reach from the top to the tray. Double-sided magnetic whiteboards work for paint, dry erase markers or magnetized shapes. Children can attach their own paper using the extra strong magnets. Easels fold flat for transport and compact storage. Wooden handholds assist mildly disabled children and are a convenient place for hanging aprons. Paint Trays hold art equipment and catch drips. They snap firmly in place and remove easily for cleanup. Includes: Easel Frame, 2 Whiteboards, and 10 Magnets. Dimensions: 35"H x 25"W x 52"L					
Baby Shelf 3' (94cm) x 16"(41cm)		F611	220.00	each	
Description: Designed for babies and toddlers learning to walk, our popular Baby Shelf quickly becomes the center of your room. Children love the soft feel of the carpeted top, while the inside mirrors and peek-a-boo holes offer endless possibilities below. The solid hardwood construction provides sturdy seating for teachers who like to interact with their children. And of course, once placed on its side, the Baby Shelf becomes a boat any child is delighted to play in – safely. An easy grip lip surrounds the top, giving a handhold for toddlers and preventing toys from rolling off. Rounded edges and corners ensure your children's safety. The inside surfaces of the end panels are mirrors with holes for peeking through. Dimensions: 16"H x 37"L x 14"W					
Bed		C110	106.00	each	
Description: The Bed is constructed of solid hardwood and durable hardwood plywood with rounded corners and edges for safety. Buy two Beds and the children have a cozy bunk bed for sleepy friends. Also available as part of the Playsize Set of Four – a set which supports children's love of dramatic and social play. They're designed to feel real instead of toy-size. Dimensions: 29" long					
Bench Glider		J920	695.00	each	
Description: Safety and durability are the built-in baseline on our Bench Glider. It is a welcome addition to any childcare setting, whether you're cuddling an infant or reading a good story with toddlers. The childsafe Glider comes fully assembled. Upholstery is stain-resistant, waterproof Crypton fabric, which is easy to wipe clean if you have spills. Cushions are easily removable, padded armrests are comfortable. A wooden base and a fabric apron safely enclose all moving parts. Internal precision bearings have been vigorously tested to last a lifetime. Unique horizontal foot stabilizer prevents our Community Glider from tipping sideways. Washable Armrest and Back Covers are an additional option. They can be removed for washing when there's a spill. Conforms to Cal 117 on flame retardance.					

Product Name	Mfg's Name	Vendor's Item Number	Price (\$)	Unit Of Measure	Qty
Maximum weight limit: 450 lbs. Dimensions: 29" between armrests; 20" seat depth; 41" overall height; 38"x33" footprint.					
Bench Glider CA		J930	770.00	each

Block Cart		A60	116.00	each	
Description: Great for transport or storage, this open cart keeps blocks at your fingertips. The tilted bed holds everything in the cart. Constructed of solid hardwood and durable hardwood plywood with rounded corners and edges for safety; with sturdy non-marking swivel casters for mobility. Dimensions: 15"H x 24"W x 12"D					
Block Tray Only		A141	61.00	each	
Description: This Block Tray provides additional block storage for the Storage Chest. Constructed of solid hardwood and durable hardwood plywood with rounded corners and edges for safety. Dimensions: 4"H x 27"L x 15.5"W					
Book Bag for 12"(30cm) Chair		J722	14.00	each	
Description: Durable two-pocket Book Bag stores workbooks and crayon boxes on the Woodcrest Chair. It attaches snugly with a hook and loop fastener. Made of easy-to-clean, see-through blue mesh. Fits any 12" Woodcrest Chair. Dimensions: 14"H x 12"W x 5.5" pocket depth.					

Product Name	Mfg's Name	Vendor's Item Number	Price (\$)	Unit Of Measure	Qty
Book Bag for 14"(36cm) Chair		J724	16.00	each	<input type="text"/>
Description: Durable two-pocket Book Bag stores workbooks and crayon boxes on the Woodcrest Chair. It attaches snugly with a hook and loop fastener. Made of easy-to-clean, see-through blue mesh. Fits any 14" Woodcrest Chair. Dimensions: 16"H x 14"W x 6.5" pocket depth.					
Book Bag for 16"(41cm) Chair		J726	18.00	each	<input type="text"/>
Description: Durable two-pocket Book Bag stores workbooks and crayon boxes on the Woodcrest Chair. It attaches snugly with a hook and loop fastener. Made of easy-to-clean, see-through blue mesh. Fits any 16" Woodcrest Chair. Dimensions: 20"H x 15"W x 8.5" pocket depth.					
Book Box 3"(8)		A908	70.00	each	<input type="text"/>
Description: This Book Box attaches to any 22"-wide MultiTable without using tools. MultiTables with Book Boxes give students accessible side-storage, and more leg room under the table than a Classroom Desk. Simple to install; unscrew one leg, slide Book Box in place and re-attach leg. Open top design helps children find what they need and keeps their desk tidy. Under-table ledge can store pencils, calculators and other small items. Good access for wheelchairs and other special needs even when Book Boxes are attached. Dimensions: 22"L x 12"H x 3"D					
Book Cart		F777	275.00	each	<input type="text"/>
Description: The Book Cart gives you a visible, very accessible display of books in the clear bin and on the shelf below. Two sliding hardwood dividers snap in place to divide the storage area, and are removable for cleaning. Dividers double as book ends. The wide base has toe trim that flips up for mobility, using hidden casters, or flips down to lock the cart in a stationary position. Solid hardwood construction with rounded corners and edges for safety. Durable clear plastic bin for highly visible storage area. Dimensions: 36.75"L x 24"H x 14.5"W					
Boot Locker		A77	140.00	each	<input type="text"/>
Description: This Boot Locker is a good partner for wall cubbies. It doubles as storage space and a bench for boot removal. Solid hardwood construction with rounded corners and edges for safety, and durable hardwood plywood backs. Finished with a cleanable non-toxic, durable, water-resistant, clear wood finish. Assembled using mortise and tenon joinery for strength. Choose Deep Totes or Baskets to slide neatly into the cubbies and keep accessories contained and out of sight. Can be placed below Wall-Mounted Locker if desired. Dimensions: 48"L x 13"H x 11.5"D					
Browser Box		F778	180.00	each	<input type="text"/>
Description: The intriguing shape of the Browser Box invites little children to explore and store their books and toys. This low, versatile storage bin, with high visibility, helps you teach toddlers to put away their toys. Little ones learning to walk love to cruise along the side of the Browser Box. The peepholes are really to help you carry the Browser Box, but watch what toddlers do with them. Solid hardwood construction with rounded corners and edges for safety. Durable clear plastic bin for highly visible storage area. Two sliding hardwood dividers snap in place to divide storage area, and are removable for cleaning. Dividers double as book ends. Dimensions: 36.75"L x 12.25"H x 14.5"W					
Bulletin Panel 24"(63cm) x 24"(61cm)		F711	71.00	each	<input type="text"/>
Description: This Bulletin Panel has a comforting, fuzzy fabric and makes a great display board. Option to attach one of our covers using the hook and loop surface. Frame is constructed of solid hardwood with rounded edges and corners for safety. Panels do not stand alone. Combine with other Roomscapes panels and shelves to divide your room creatively. Roomscapes is a modular system allowing you to connect shelves and panels at 45° and 90° angles or straight in line. Ideal for room dividers. Dimensions: 24.75"L x 24"H					
Bulletin Panel 24"(63cm) x 32"(81cm)		F714	81.00	each	<input type="text"/>

Bus (Coach)		T28	109.00	each	<input type="text"/>
Description: The Bus can transport up to 12 Villagers as passengers. It has a convenient cargo bay, big enough for Village Vehicles. Community vehicles have simple, uncluttered designs that encourage imagination. These durable, solid hardwood toys have gently rounded edges and corners, protected with a child-safe clear finish. The non-marking, industrial wheels have steel axles – they won't come off. The big trucks were made for riding. Team them up with the smaller vehicles for inter-city highway transportation. Drivers, start your engines! Includes 2 Villagers. Dimensions: 23"L					
Canopy		G641	35.00	each	<input type="text"/>
Description: This Canopy is an option for the KinderVan. Canopy attaches to one seat to provide sun protection. It can tilt forward or back and extend open or closed. The mesh backing allows visibility for the teacher.					
Canopy		A637	207.00	each	<input type="text"/>
Description: The Canopy is a component of the Sand and Water Centers. This canopy is more than a beach umbrella. Pulleys and funnels attach and slide along the crossbar. At the end of the day, store your extras and aprons on the hooks.					
Canopy Unit		F872	530.00	each	<input type="text"/>
Description: With a canopy mounted onto the shelf, you have an instant store or stand! Constructed of solid hardwood with rounded corners and edges for safety and a sturdy acrylic fabric coated with a stain and soil resistant finish. Includes: Open Back Shelf 48"x24", Canopy, 2 Roomscapes posts 24". Dimensions: 58.5"H x 56"L x 14.5"W					
Cargostar		R216	285.00	each	<input type="text"/>
Description: The Cargostar is an open invitation to cooperative play: our power tricycle has a built-on truck bed. You wouldn't believe what we've seen being hauled around. Pinch free joints – we've hidden our unique over-steer protection in the solid steering column. Frame is welded one inch steel tubing finished with a tough baked-on powder coating. Car makers believe in the long-term benefits of baked-on powder coating. So do we. Designed with wide, entrapment-free handlebars for easy steering, outfitted with cushioned hand grips that feel as good as the look. No head entrapment possibilities. The sealed ball bearings absorb 10 years of vigorous action and never require maintenance. Trikes come fully assembled. No pinch points, no protruding hardware, no fenders, and no spokes. Dimensions: 25"H x 20"W x 47.5"L					
Chair tips, 12pack		J426	13.00	each	<input type="text"/>

Product Name	Mfg's Name	Vendor's Item Number	Price (\$)	Unit Of Measure	Qty
Description: Replacement sound-dampening chair tips are available for the Mealtime and Childshape Chairs.					
Chalk Cover for Shelf or Panel		F861	60.00	each	<input type="text"/>
Description: With a Cover, you can make use of your shelf backs and bulletin panels. Constructed of 1/8" masonite with a durable green finish with rounded edges, this cover attaches to the bulletin panels or shelf backs with an aggressive hook and loop fastener.					
Changing Table with 4" Pan		G241	910.00	each	<input type="text"/>
Description: Who says comfortable isn't cleanable? This sturdy Changing Table has a one piece, removable, padded pan of tough, medical-grade vinyl which seamlessly covers a foam cushion. Lockable storage: two solid wood paneled doors with pinch-free hinges conceal an adjustable shelf with generous space for extra supplies. A second shelf is available. Lockable casters: Yes, we actually hid a set of flip-down casters underneath so you can move the Changing Table to the right spot and then lock it in place. Includes a tilt-out diaper hamper with separate bin which can be removed for cleaning. Constructed of solid hardwood with mortise and tenon joinery for strength. Dimensions: 37.25"H x 22.25"W x 44.25"L					
Changing Table with 6" Pan		G248	1075.00	each	<input type="text"/>
Description: Who says comfortable isn't cleanable? This sturdy Changing Table has a one piece, removable, padded pan of tough, medical-grade vinyl which seamlessly covers a foam cushion. Childshape Chair 10"(25cm)		J410	65.00	each	<input type="text"/>
Description: We used the measurements of thousands of children to ensure that the dimensions of these chairs are truly child-shaped, and they really are! Childshape Chairs encourage healthy posture because the children's backs are supported and feet are flat on the floor. Constructed of solid maple with durable hardwood plywood sides. All edges rounded for safety and ease of cleaning. Armrests encourage good seating posture. Wide legs provide stability and allow stacking, and are ended with sound-dampening chair tips. Stack up to 5 chairs high for convenient storage – a safety button keeps stack vertical and safe. Optional Seat Belt. Dimensions of seat: 10"H x 11"W x 9"D, Armrest height 15".					
Childshape Chair 12"(30cm)		J412	67.00	each	<input type="text"/>

Childsize Wheelbarrow		C150	119.00	each	<input type="text"/>
Description: Children love to move things from place to place, and this rugged wheelbarrow is just the thing to help them do it. The large cargo bed has room for toys, blocks and even a friend! Two big 8" soft plastic tires provide stability and balance. This wheelbarrow is good for work or play. It makes cleaning up fun too. Just load it up with toys, and wheel them right to the shelves. Constructed of solid hardwood. Dimensions: 36"L x 19"W; Inside cargo bed: 12" x 15"					
Classroom Activity Table		A811	195.00	each	<input type="text"/>
Description: Classroom Tables combine solidity with an elegant European look. The core of your classroom should look, well, classy. And now you can have classy and rock-solid at the same time. Heat-sealed edging keeps moisture out, and this table is laminated on both sides for an easy-to-clean surface which won't warp. Table tops are 1 1/8" thick with heat sealed, rigid plastic wood grain edging and rounded corners. Legs are right on the edge of the table for maximum stability – they also allow more children to fit around. Because our tables don't need aprons, there is plenty of room for a wheelchair. Choose from eight different leg heights, ranging from 12-26 inches. Or you might like our tool-free adjustable legs that grow with the kids. Table leg sockets are constructed from durable polypropylene. Most tables share common dimensions for variety of configurations. Seats up to 6 children, includes 4 legs. Specify leg type and table height. Dimensions: 48" x 30"					
Classroom Childsize Table		A805	150.00	each	<input type="text"/>
Description: Classroom Tables combine solidity with an elegant European look. The core of your classroom should look, well, classy. And now you can have classy and rock-solid at the same time. Heat-sealed edging keeps moisture out, and this table is laminated on both sides for an easy-to-clean surface which won't warp. Table tops are 1 1/8" thick with heat sealed, rigid plastic wood grain edging and rounded corners. Legs are right on the edge of the table for maximum stability – they also allow more children to fit around. Because our tables don't need aprons, there is plenty of room for a wheelchair. Choose from eight different leg heights, ranging from 12-26 inches. Or you might like our tool-free adjustable legs that grow with the kids. Table leg sockets are constructed from durable polypropylene. Most tables share common dimensions for variety of configurations. Seats 1 or 2 children, includes 4 legs. Specify leg type and table height. Dimensions: 24" x 30"					
Classroom Desk		A510	195.00	each	<input type="text"/>
Description: The Classroom Desk is an antidote to the standard institutional look. Tabletop is high-pressure laminated on both sides which produces a desk top that is strong and warp resistant. Tabletops are 1 1/8" thick with heat sealed banding to keep moisture out. Rounded corners for safety. Choose between solid hardwood or adjustable legs. No tools are needed. Solid hardwood legs (22"-30" heights are available in 2" increments) rotate into place with a few turns. So do adjustable legs, which give you more age-range flexibility (21"-30" in 1" increments). Picture the desk without the legs and you'll visualize how easy it is to store away when enrollment changes. The generous storage capacity is 40% more storage space than other wood desks. We designed away the apron that usually wastes space. This desk is completely stable without one. And who can resist a pencil holder? Dimensions of table top: 18" x 24" Compartment dimensions: 4"H x 22"W x 15"D					
Classroom Half Circle Table 64		A835	245.00	each	<input type="text"/>
Description: Classroom Tables combine solidity with an elegant European look. The core of your classroom should look, well, classy. And now you can have classy and rock-solid at the same time. Clear View Crib And Mattress		G25	295.00	each	
Description: The Community Crib with Clear View ends makes it easy to keep an eye on every child. Clear View Cribs can line up end to end, a hygienic way to save space while creating windows for neighborly interaction. Tool-free assembly. Crib folds flat for storage when mattress and crib bottom are removed - an excellent solution for centers that are dealing with changing enrollment or are simply short on space. Adjustable mattress height: 3 positions, childproof height adjustment, no tools needed - the same crib can safely accommodate newborns or toddlers. The hidden strength of our interlocking mortise and tenon joints make a sturdy, durable frame, finished with a child-safe clear wood finish, and further protected by plastic rail covers. Meets ASTM standards – each Crib and mattress meets Federal regulations enforced by the Consumer Product Safety Commission. They passed their tests with flying colors. Dimensions: 37"H x 26"W x 40"L					
Clear View Evacuation Crib and Mattress		G25E	345.00	each	
Description: With a weight limit of 130 lbs, our Evacuation Cribs can carry several infants to safety. Community Chair Dolly		J413	85.00	each	<input type="text"/>
Description: Chair Dolly accommodates all sizes of Childshape Chairs. Stack up to 5 Childshape Chairs, and wheel them into storage. Constructed of solid maple and durable hardwood plywood, with sturdy locking casters. All edges rounded for safety and ease of cleaning.					
Community Cot(Rest Bed)		M16	53.00	each	<input type="text"/>
Description: Children can relax comfortably on Community Cots. Air circulates freely through the extra strong, easy to clean, vinyl-coated polyester mesh. The roomy 22" x 50" sleeping area is cozy enough for toddlers and large enough for five-year-olds. Stack cots in the corner when nap time is over. We ship our cots fully assembled and ready to use. Durable corners are rounded for safety and are easy to wipe clean. They have no cavities for collecting dirt. Aluminum tubing makes a sturdy, lightweight frame. You can stack cots up to 15 high for storage. Double-stitched for strength, mesh will last for years and can be replaced easily by removing four screws. Dimensions: 24"W x 54"L x 6"H					
Community Crib and Mattress		G10	275.00	each	<input type="text"/>
Description: The Community Crib is your best choice if you're looking for a basic crib. These old favorites have seen generations of children interact, cuddle, and sleep within their sturdy frames. Hardwood dowels make it easy for a caregiver to keep an eye on each child. Tool-free assembly. Crib folds flat for storage when mattress and crib bottom are removed - an excellent solution for centers that are dealing with changing enrollment or are simply short on space. Adjustable mattress height: 3 positions, childproof height adjustment, no tools needed - the same crib can safely accommodate newborns or toddlers. Crib(Cot) Blanket		S16	23.00	each	<input type="text"/>

Product Name	Mfg's Name	Vendor's Item Number	Price (\$)	Unit Of Measure	Qty
Description: The Crib Blanket has comfortable blue fleece on both sides, keeping the child cozy and warm. It is color fast and machine-washable with edgebanding to prevent fraying. Dimensions: 36" x 48"					
Crib(Cot) Storage Drawers		G18	93.00	each	<input type="text"/>
Description: Who needs more storage space? Practically everyone. And because the crib side telescopes instead of lowering, these optional Storage Drawers are always accessible. Crib Storage Drawers fit in all Community Playthings Cribs except the Evacuation Cribs. Drawers ride on hidden rails, and are accessible from both sides. Constructed of solid hardwood and durable hardwood plywood with plastic drawers made of high-impact polyolefins.					
Cupboard		C364	230.00	each	<input type="text"/>
Description: The Cupboard is made of solid hardwood and quality plywood with a durable clear wood finish, and is 15" deep for stability. Display the best china and enjoy the soft look of the valence. Hinges are pinch free and door handles are recessed – no protruding hardware. Comes fully assembled. Knobs on units click when turned. Assembled using mortise and tenon joinery. Curtain material is a 100% polyester fabric. The back is faced with pinboard covered with a Velcro compatible loop fabric. Also available in the Woodcrest Kitchen set of four. Dimensions: 39.5"H x 22"W x 15"D. Counter Height 24"					
Deep Basket		G483	11.00	each	<input type="text"/>
Description: The Deep Basket is not only natural and beautiful. It will help you get tidy and keep it that way. Even your smallest helpers can put things away where they belong. Constructed of willow with handles on both ends. Can hold one set of Mini Unit Blocks loosely jumbled. Dimensions: 6.5"H, base 7.5" x 12"					
Deep Tote		F890	11.00	each	<input type="text"/>
Description: This Tote box is a handy way to store toys and materials, and keep your room looking tidy. Clear label holder included with each tote. Totes are made of high impact plastic, and are available in 5 colors: red, blue, green, neutral, clear. Dimensions: 6"H, base: 8¾"W x 11¼"L					
Dewdrop Clear View Crib		G255	360.00	each	<input type="text"/>
Description: We've combined child-safe and teacher-friendly features to build the best crib on the market. The Clear View ends make it easy to keep an eye on every child. Clear View Cribs can line up end to end, a hygienic way to save space while creating windows for neighborly interaction. The unique telescoping drop-side eases strain on caregiver's backs, and the childproof latch operates with only one hand, so you can adjust it while holding a baby. When the side is down, you can still access the optional storage drawers under the crib. Tool-free assembly. Crib folds flat for storage when mattress and crib bottom are removed. Adjustable mattress height – 3 positions. The hidden strength of our interlocking mortise and tenon joints make a sturdy, durable frame, protected by plastic rail covers. Meets ASTM standards – each Crib and mattress meets Federal regulations enforced by the Consumer Product Safety Commission. Dimensions: 37"H x 26"W x 40"L					
Dewdrop Clear View Evacuation Crib		G256	420.00	each	<input type="text"/>
Description: With a weight limit of 130 lbs, our Evacuation Cribs can carry several infants to safety. Sturdy 4" casters navigate rough terrain, and can lock in place when you've reached your destination. The Clear View ends make it easy to keep an eye on every child. Clear View Cribs can line up end to end, a hygienic way to save space while creating windows for neighborly interaction. Tool-free assembly. The unique telescoping drop-side eases strain on caregiver's backs, and the childproof latch operates with only one hand, so you can adjust it while holding a baby. When the side is down, you can still access the optional storage drawers under the crib. Crib folds flat for storage when mattress and crib bottom are removed. The Additions suggest simple possibilities to add more play area for creativity. Children will come up with more ways of playing on the Loft than adults can think of. Since your Loft is easily configured, you can change your setup often for new, exciting play.</p>					
Dishwasher		C404	243.00	each	
<p>Description: Dishwasher can also be used as a cooler or cupboard. Includes 2 real dish racks, clicking knobs, and a pair of doors with unbreakable windows. Dimensions: 20" x 16" x 13.5". It is part of the Playworks system. PlayWorks is a set of solid hardwood cabinets and appliances that make up a complete dramatic play system. Teachers can stack the PlayWorks units at two basic counter heights, 20" and 26.5". Inspire the imagination of children 2 years and older. With PlayWorks, you'll be ready for any dramatic play theme. Make your own combinations of these components, or choose one of our kits. The smaller kits are easily added to, while the larger kits have a greater variety of possible play themes. Interchangeable tops include cushions, stovetops, and sinks. Every top flips over for stacking or for a new play theme. No protruding hardware: Smooth, rounded corners and beveled cabinet fronts are beautiful and free from sharp edges.</p>					
Display Unit 3' (94cm) w/ Totes or Baskets		F875	540.00	each	
<p>Description: This Bulletin Panel mounted on a Tote Shelf offers great potential for display space. Constructed of solid hardwood with rounded corners, protected by a tough, child-safe finish. Sturdy plastic dividers adjust the spacing to accommodate shallow or deep totes or baskets. Totes are available in 5 colors; red, blue, green, neutral, clear. Clear label holder included with each tote. Assembled using mortise and tenon joinery for strength. Mobility when you want it: flip up the toe trim, relocate the shelf, then drop the trim to disengage and hide the casters, locking the shelf in place. Make use of the shelf back: attach one of our covers using the built-in hook and loop surface. Shelf can stand alone, or be connected to other Roomscapes shelves and panels using posts. Roomscapes is a modular system allowing you to connect shelves and panels at 45° and 90° angles or straight in line. Ideal for room dividers. Dimensions: 36.75"L x 48"H x 14.5"W; 24" shelf height.</p>

Dress-up Unit		C705	385.00	each	<input type="text"/>
<p>Description: Role-play, dramatic play, imaginative play – whatever you call it – everyone agrees it's essential for early learning. Now you can expand the possibilities by adding our versatile Drama Center. It starts with the sturdy Dress-Up unit, complete with lots of storage space. Set the Arches into the holes, toss a Flowie over them, and you have an instant stage, house, or backdrop that will let a child's imagination soar. Drama Center provides well-organized storage in six totes; hooks or holes for hangers, to store clothes; and a securely attached oval acrylic mirror. This double-sided unit can be accessed from either side. Dress-Up Unit can accommodate 4 Arches that rotate freely in holes. Flip toe trim up to engage casters, and push it back down to lock unit in place. Dimensions: 17"W x 42"L x 41"H</p>					

Product Name	Mfg's Name	Vendor's Item Number	Price (\$)	Unit Of Measure	Qty
Drying Rack		H560	430.00	each	<input type="text"/>
Description: The open back design of the Drying Rack allows air movement to dry the paint, while the bar at the back keeps the racks from sliding out. Removable tray catches paint drips and is easy to clean. Hide-away wheels – flip up the toe trim, move the rack where you want it, then drop the trim to disengage and hide the casters. Adjust the rack heights to dry flat paintings or large molded creations. Ten Wire Racks, plus slots for an optional ten more, give you enough drying space for the whole class. Wire Racks pull out – and extend past the edge of the frame, making it easy for children to slide in their masterpieces. Racks are strong steel wire with a UV resistant coating to give you years of service, as you've come to expect from Community Playthings. Fits 18" x 24" paper. Dimensions: 43.5"H x 28"L x 20"D					
Evacuation Crib and Mattress		G10E	325.00	each	<input type="text"/>
Description: With a weight limit of 130 lbs, our Evacuation Cribs can carry several infants to safety. Sturdy 4" casters navigate rough terrain, and can lock in place when you've reached your destination. Tool-free assembly. Crib folds flat for storage when mattress and crib bottom are removed - an excellent solution for centers that are dealing with changing enrollment or are simply short on space. The hidden strength of our interlocking mortise and tenon joints make a sturdy, durable frame, finished with a child-safe clear wood finish, and further protected by plastic rail covers. Meets ASTM standards – each Crib and mattress meets Federal regulations enforced by the Consumer Product Safety Commission. They passed their tests with flying colors. Dimensions: 37"H x 26"W x 40"L					
Extras Kit		A639	34.00	each	<input type="text"/>
Description: The Extras Kit is a component of the Sand and Water Centers. Contained in a tough mesh bag you'll find a funnel and an attachable length of flexible hose, as well as a swivel pulley. String for the pulley is not included. Canopy required for pulley.					
Filler		F751	5.00	each	<input type="text"/>
Description: Molded of a durable plastic, the Filler snugly fills the space between the Roomscapes posts connecting two shelves of various heights. Dimensions: 2.5" wide					
Fire Engine		T30	114.00	each	<input type="text"/>
Description: The Fire Engine can also be used as a Utility Truck or a Telephone Truck. The ladder has many positions which can be used by the Villagers as firefighters or various workers in the bucket. There are 6 extra "seats." Community vehicles have simple, uncluttered designs that encourage imagination. These durable, solid hardwood toys have gently rounded edges and corners, protected with a child-safe clear finish. The non-marking, industrial wheels have steel axles – they won't come off. The big trucks were made for riding. Team them up with the smaller vehicles for inter-city highway transportation. Drivers, start your engines! Includes: ladder with cherry picker, 2 villagers. Dimensions: 23"L					
Five Adjustable Legs		A990	53.00	each	<input type="text"/>
Description: Set of 5 adjustable table legs. No need to hunt for a screwdriver; it only takes a few seconds to rotate them into their sockets. Tool-free, childproof, leg height adjustment in 1" increments to accommodate changing enrollment and after school programs. The foot glide has the right amount of friction to keep the table stationary, yet it moves quietly when it has to be moved. Constructed of hardwood and durable plastic with an aluminum core for strength. Specify table height range: Low: 12"-16", Medium: 16"-24" , High: 20"-30"					
Five Solid Wood Legs		A890	53.00	each	<input type="text"/>
Description: Set of 5 solid wood table legs. Choose from eight different table heights, ranging from 12-26 inches. Table legs are solid hardwood covered with a clear wood finish. Plastic parts are constructed from durable polypropylene.

Four-Seater Desk		A540	430.00	each	<input type="text"/>

Product Name	Mfg's Name	Vendor's Item Number	Price (\$)	Unit Of Measure	Qty
Description: The Four-Seater Desk is an antidote to the standard institutional look. Tabletop is high-pressure laminated on both sides which produces a desk top that is strong and warp resistant. Tabletops are 1 1/8" thick with heat sealed banding to keep moisture out. Rounded corners for safety. Choose between solid hardwood or adjustable legs. No tools are needed. Solid hardwood legs (22"-30" heights are available in 2" increments) rotate into place with a few turns. Adjustable legs offer more age-range flexibility (21"-30" in 1" increments). Picture the desk without the legs to visualize how easy it is to store away when enrollment changes. Four-seater desk facilitates group learning, and is a space- and price-saving option for a busy classroom. The generous storage capacity is 40% more storage space than other wood desks. We designed away the apron that usually wastes space. Includes a built-in pencil holder. Dimensions of table top: 36"x48" Compartment dimensions: 4"H x 23"W x 17.5"D					
Four-Space Locker		A75	440.00	each	<input type="text"/>
Description: The Four-Space Locker can divide your entry area from the rest of the classroom, reducing the appearance of clutter. They can stand against a wall or in a corner. Solid hardwood construction with rounded corners and edges for safety, and durable hardwood plywood backs. Finished with a cleanable non-toxic, durable, water-resistant, clear wood finish. Assembled using mortise and tenon joinery for strength. Tough ABS Plastic hooks. Ample storage space above and below. The deep cubbies also provide a wide sitting area. Choose Deep Totes or Baskets to slide neatly into the bottom cubbies and keep accessories contained and out of sight. Dimensions: 48"L x 52"H x 14 1/2"D; Top cubbies 7 1/2"H x 11"W x 10 7/8"Deep					
Fridge		C402	207.00	each	<input type="text"/>
Description: Fridge doubles as a tool cabinet. Includes a shelf, flip down freezer section, and egg or tool shelf, and a bottle or hammer rack on the door. Dimensions: 26.5" x 16" x 13.5". It is part of the Playworks system. PlayWorks is a set of solid hardwood cabinets and appliances that make up a complete dramatic play system. Teachers can stack the PlayWorks units at two basic counter heights, 20" and 26.5". Inspire the imagination of children 2 years and older. With PlayWorks, you'll be ready for any dramatic play theme. Make your own combinations of these components, or choose one of our kits. The smaller kits are easily added to, while the larger kits have a greater variety of possible play themes. Interchangeable tops include cushions, stovetops, and sinks. Every top flips over for stacking or for a new play theme. No protruding hardware: Smooth, rounded corners and beveled cabinet fronts are beautiful and free from sharp edges.					
Gap Filler, Round		F750	19.00	each	<input type="text"/>
Description: Molded of a durable plastic, this Round Gap Filler completes the central space in the middle of a shelf island.					
Glider Covers (two sets)		J905	78.00	each	<input type="text"/>
Description: Washable Armrest and Back Covers are an additional option for our Community Glider. They can be removed for washing when there's a spill. They come in two sets; while one is in use the other set can be laundered. Includes: 2 back covers and 4 arm covers.					
Half Nursery Set Mini Hollow		B405	335.00	each	<input type="text"/>
Description: Mini Hollow Blocks link Unit Blocks and Hollow Blocks. They provide a bridge into the land of block play for your little ones. Give toddlers their first taste of unstructured play with blocks that are built for them. These little hollow blocks can take the wear and tear beginning builders will give them. All edges are chamfered for safety. Constructed of solid hardwood, and protected by non-toxic wood preservative. All joints are securely fastened with screws. Open ends allow little hands to pick the blocks up easily. Weight and size are appropriate for toddlers. Includes: 19 pieces in 4 shapes Dimensions of Mini Square: 2.75"H x 5.5"W x 5.5"L					
Half Preschool Set Hollow Blocks		B551	590.00	each	<input type="text"/>
Description: Lifting, bending, carrying, stacking – large muscles and imaginations are hard at work when your children build with these easy-to-grasp blocks. Hollow Blocks can be used with Mini Unit Blocks, Unit Blocks, and Mini Hollow Blocks; they share the same modular dimensions. These Hollow Blocks can take the wear and tear builders will give them. All edges are chamfered for safety. Constructed of solid hardwood, and protected by non-toxic wood preservative. All joints are securely fastened with screws. Open ends allow small hands to pick the blocks up easily. Includes: 26 pieces in 6 shapes Dimensions of Square: 5.5"H x 11"W x 11"L					

Product Name	Mfg's Name	Vendor's Item Number	Price (\$)	Unit Of Measure	Qty
Half School Set Hollow Blocks		B651	1005.00	each	
Description: Lifting, bending, carrying, stacking – large muscles and imaginations are hard at work when your children build with these easy-to-grasp blocks. Hollow Blocks can be used with Mini Unit Blocks, Unit Blocks, and Mini Hollow Blocks; they share the same modular dimensions. These Hollow Blocks can take the wear and tear builders will give them. All edges are chamfered for safety. Constructed of solid hardwood, and protected by non-toxic wood preservative. All joints are securely fastened with screws. Half School Set Unit Blocks		G462	795.00	each	
Description: Blocks are teachers, not just toys. Educators agree that modular blocks teach mathematical concepts like length, volume, fractions and geometry. Our Unit Blocks are mathematically modular. The length of each unit is exactly twice the width, which is exactly twice the thickness. The modularity extends to include the Mini-Unit Blocks, Mini-Hollow Blocks, and Hollow Blocks to allow children to build stable structures combining all the sizes. All blocks are precise to within 1/100 of an inch. Cut from solid hardwood with rounded corners and edges for safety. Includes: 360 blocks in 20 shapes. Dimensions of Unit Block: 5 1/2" x 2 3/4" x 1 3/8"					
Helicopter		T51	53.00	each	
Description: This Helicopter's moving rotor blades spin easily for a smooth lift-off. Community vehicles have simple, uncluttered designs that encourage imagination. These durable, solid hardwood toys have gently rounded edges and corners, protected with a child-safe clear finish. Includes 1 Villager. Dimensions: 10.5"L					
Help Yourself Trolley w/ totes or baskets		H558	495.00	each	
Description: With generous storage space and totes for every possible craft material, the Help Yourself Trolley makes up for the three or four pieces of furniture you wish you had room for. If you share classroom space with other programs or simply don't have room for an art center, consider this creative station on wheels. It can travel from the storage closet to the classroom, carrying everything your young artists will need. Paper slots are slanted so they can hold a wide range of sizes, right up to 18" x 24". Note the wider, deeper slot for paper rolls or cardboard. Seven small totes along the top encourage shopping around for craft items. Even more storage below – three Shallow Totes, and your choice of six Deep Totes or Baskets give you lots of options for your supplies. Dowel for ribbon, tape and twine has scissor storage inches away. Eight green cups hold brushes, sponges, Q-tips and other artists' tools. Dimensions: 32"H x 36.75"L x 20"D					
HideAway Cube		F792	550.00	each	
Description: The HideAway Cube has space for solitude or a friend. Children see out, teachers see in. The Clear Panel and Arch create a cozy corner that's also a window on the world. The Flowie's soft netting gives children a sense of security and enclosure, while providing caregivers with a clear line of sight. Mirror Cover attaches to Bulletin Panel, and removes if children prefer the fuzzy Bulletin texture. If you would prefer a custom cube, your customer service representative can help you design variations by substituting other panels. You can add a HideAway to a run of Roomscapes panels or shelves to divide your room creatively. Roomscapes is a modular system allowing you to connect shelves and panels at 45° and 90° angles or straight in line. Ideal for room dividers. Dimensions: 37.75" x 37.75"					
High 22" x 30" MultiTable		A912	154.00	each	
Description: MultiTables are strong and light, with adjustable legs that click to new heights in a few seconds, without any tools. Children love to help move them around, or clear them away for Music & Movement. They stack and store easily, making your classroom flexible. Extra strong birch plywood tabletop is laminated on both sides for warp resistance. The aluminum core in each leg adds stability and strength. For longer storage, legs unscrew in two rotations and clip into the leg holder underneath. Legs are right on the edge of the table for maximum stability – they also allow more children to fit around. Because our tables don't need aprons, there is plenty of room for a wheelchair. MultiTables adjust in 1" increments, so the top surface is level with any Classroom Table. Most tables share common dimensions for variety of configurations. MultiTables can be angled for writing and drawing. Seats 1 or 2 children, includes 4 legs. Dimensions: 22" x 30"					
High 22" x 44" MultiTable		A916	176.00	each	

Product Name	Mfg's Name	Vendor's Item Number	Price (\$)	Unit Of Measure	Qty

Junior Art Island		H520	635.00	each	<input type="text"/>
Description: The Junior Art Island offers generous easel space with built-in storage. Double-sided magnetic whiteboards work for paint, dry erase markers or magnetized shapes. Children can attach their own paper using the extra strong magnets. Wooden handholds assist mildly disabled children and are a convenient place for hanging aprons. Adjustable shelf is convenient for paper storage or optional totes. Totes also fit between the A-frame whiteboards. Paint Trays hold art equipment and catch drips. They snap firmly in place and remove easily for cleanup. Hide-away wheels – Flip up the toe trim of the shelf, move it where you want, then drop the trim to disengage and hide the casters. Junior Art Island can become a Floor Easel at a moment's notice – just release the latches and lift the A-frame off the base. There is space for 3 shallow totes (Totes not included). Includes: Low Storage Unit, Easel Frame, 2 Whiteboards, and 10 Magnets. Dimensions: 49"H x 25"W x 52"L					
Kiddie Car		T12	104.00	each	<input type="text"/>
Description: Even if your children aren't big enough for a tricycle they can learn to steer on Kiddie Cars, exercising large muscles and developing coordination. Community's hardwood Kiddie Cars will hold up to many years of rush-hour traffic, even with the most energetic drivers. The steering column turns easily on a hidden nylon washer. Oversteer protection prevents sudden spills and keeps young drivers on the right path. The solid hardwood seat is smooth and splinter-free. The 6" soft plastic tires roll easily on carpet, tile or any other "road" surface. Dimensions: 16"H x 19.5"L Seat height: 9.5"					
KinderVan/4		G644	1495.00	each	<input type="text"/>
Description: Children from 6 months to 36 months fit comfortably into the upholstered seats of the Kindervan without needing additional inserts. The Kindervan fits through standard doorways and handles grass, gravel, pavement and curbs with ease. Padded seats rotate 360 degrees and lock in any position for easy supervision. Seats recline to give infants a comfortable and safe ride. Moisture-resistant upholstery is durable and easy to clean. Its foam backing sheds water like a duck – you can wipe off most accidents with a damp rag, or snap the covers off for further cleaning. The five-point safety harness gives children the familiar security of a car booster seat. Puncture-proof wheels – no maintenance needed on these solid, foam-filled tires. Cross 'flat tire' off your list of worries. Large diameter wheels assure a smooth ride. Additional options available: Canopies and waterproof vinyl cover. Accommodates: 4 children. Dimensions: 60"L x 29"W x 37" Handle height					
KinderVan/4 with Canopies		G648	1595.00	each	<input type="text"/>

Label Holder		G101	15.00	each	<input type="text"/>
Description: The Crib Label Holder personalizes each child's crib. A plastic sheath covers the label, to protect it from drool and chewing practice. Dimensions: 8" long					
Large Addition/Model 1		L212	740.00	each	<input type="text"/>
Description: Loft Additions come in a variety of shapes and sizes. They are made from the same modular components as all Loft kits, so you can easily add them to any Model 1 Loft. The Additions suggest simple possibilities to add more play area for creativity. Children will come up with more ways of playing on the Loft than adults can think of. Since your Loft is easily configured, you can change your setup often for new, exciting play.					
Large Addition/Model 2		L312	910.00	each	<input type="text"/>
Description: Loft Additions come in a variety of shapes and sizes. They are made from the same modular components as all Loft kits, so you can easily add them to any Model 2 Loft. The Additions suggest simple possibilities to add more play area for creativity. Children will come up with more ways of playing on the Loft than adults can think of. Since your Loft is easily configured, you can change your setup often for new, exciting play.					
Large Clear Table		A631	370.00	each	<input type="text"/>
Description: This Large Clear Table offers many creative play opportunities. Place the Flow Pan across the main pan to create a second level for water flow. Air can circulate under the lid, which helps prevent mold. Legs adjust to heights of 18" and 24" or can be removed for 10½" height for one-year-olds. Just one table for all ages. Lid doubles as a play or work surface. Super-tough, resin-impregnated plywood frames the Sand and Water pan. Flexible hose with attached cap to control draining water. Lift end above water level to stop flow. Clips out of sight when not in use. Lift one end of the table and wheel it easily into another play area. Includes: Lid, Adjustable Legs, Pan, and Playshelf Dimensions: 45"L x 24"W					
Large Landing/Model 2		L315	1140.00	each	<input type="text"/>

Library Panel		F747	260.00	each	<input type="text"/>
Description: The Library Panel is perfect for upright book display when you don't have space for a shelf. This space-saver has five clear plastic holders for accessible book and magazine display. Use wall space for display by fastening the Library panel at any convenient height. Library Panel can be connected to Roomscapes Shelves and Panels. Roomscapes is a modular system allowing you to connect shelves and panels at 45° and 90° angles or straight in line. Ideal for room dividers. Dimensions: 4.5"W x 36.75"L x 32.25"H					
Library Rack		F775	195.00	each	<input type="text"/>
Description: The Library Rack offers generous book storage. Four overlapping display shelves put many books at children's eye level with almost twelve linear feet of book display space. Big books are visible from both sides of the rack, and liberal book storage space is available on the shelves behind the racks. Constructed of solid hardwood with rounded corners for safety. Mobility when you want it: flip up the toe trim, relocate the shelf, then drop the trim to disengage and hide the casters, locking the shelf in place. You can create a cozy library corner set aside from the general hubbub by connecting a few Roomscapes panels. Roomscapes is a modular system allowing you to connect shelves and panels at 45° and 90° angles or straight in line. Ideal for room dividers. Dimensions: 36.75"L x 32"H x 14.5"W					
Library Shelf		F776	280.00	each	<input type="text"/>
Description: The Library Shelf offers generous book storage. Four overlapping display shelves put many books at children's eye level with almost twelve linear feet of book display space. Product Name	Mfg's Name	Vendor's Item Number	Price (\$)	Unit Of Measure	Qty
Loadstar Trailer		R202	140.00	each	<input type="text"/>
Description: Hitch up this Loadstar Trailer to our Roadstar or Twinstar Trikes. A sturdy addition for carrying best friends or hauling treasure. Kids can practice negotiation and sharing skills ... or you could buy enough to go around! Our unique hitch is so simple and secure that any child can attach the Loadstar without adult interference. Wheel diameter: 7". Dimensions: 33"L x 20"W. Sturdy frame encloses the passenger/cargo area on three sides and provides handholds. Wheels are positioned wide and towards the back for increased stability. Floor board and sides are high strength, light weight, slip-resistant all weather plastic.					
Locking Low Storage Unit		F242	650.00	each	<input type="text"/>
Description: This Locking Storage Unit allows you to close your shelving like a book, lock it if you like, and move it to an unobtrusive corner. Or it can stay in place and serve as a room divider, table or counter. The unit has fixed shelves, and is made of solid hardwood with rounded corners, protected by a tough, child-safe finish. 2" heavy-duty swivel casters are hidden behind the trim, ready to roll. Locking clasps keep everything securely inside. Use any standard lock. With the fabric bulletin backs, you can attach a mirror, chalkboard, or clear cover. Assembled using mortise and tenon joinery for strength. Dimensions: 96"L x 28"H Shelves are 11.5"D					
Locking Wide Adj Storage Shelves		F242A	680.00	each	<input type="text"/>
Description: This Locking Storage Unit allows you to close your shelving like a book, lock it if you like, and move it to an unobtrusive corner. Or it can stay in place and serve as a room divider, table or counter. The unit has two adjustable shelves which can be moved up and down easily without tools. Constructed of solid hardwood with rounded corners, protected by a tough, child-safe finish. 2" heavy-duty swivel casters are hidden behind the trim, ready to roll. Locking clasps keep everything securely inside. Use any standard lock. With the fabric bulletin backs, you can attach a mirror, chalkboard, or clear cover. Assembled using mortise and tenon joinery for strength. Dimensions: 96"L x 28"H Shelves are 11.5"D					
Loft Book Rack		L181	116.00	each	<input type="text"/>
Description: With this versatile snap-on panel, you can quickly transform your Loft into an activity center with high play-value. Create a cozy reading corner by snapping a Loft Book Rack onto any lower level panel. Two shelves on each Rack give generous room for all the old favorites. The panel is held in place with a unique locking system. It's childproof, but teachers can easily unlatch it with a key or ball point pen. Fits on to any lower level panel of your loft.					
Loft Chalkboard Cover, Short		L186	58.00	each	<input type="text"/>
Description: Double the use of your Community Loft Lower Bulletin Panel with this Chalkboard Cover, and transform your Loft into an activity center with high play-value.

The panel is held in place with a unique locking system. It's childproof, but teachers can easily unlatch it with a key or ball point pen. Covers not included. Snaps on to any upper level panel of your loft.					
Low 22" x 30" MultiTable		A910	150.00	each	
Description: MultiTables are strong and light, with adjustable legs that click to new heights in a few seconds, without any tools. Children love to help move them around, or clear them away for Music & Movement. They stack and store easily, making your classroom flexible. Extra strong birch plywood tabletop is laminated on both sides for warp resistance. The aluminum core in each leg adds stability and strength. For longer storage, legs unscrew in two rotations and clip into the leg holder underneath. Legs are right on the edge of the table for maximum stability – they also allow more children to fit around. Because our tables don't need aprons, there is plenty of room for a wheelchair. MultiTables adjust in 1" increments, so the top surface is level with any Classroom Table. Most tables share common dimensions for variety of configurations. MultiTables can be angled for writing and drawing. Seats 1 or 2 children, includes 4 legs. Dimensions: 22" x 30"					
Low 22" x 44" MultiTable		A914	172.00	each

Low Cabinet		C408	132.00	each	
Description: The Low Cabinet has solid hardwood doors with recessed handhold. The wooden top flips over to become a washable cushion seat. Dimensions: 13.5" x 16" x 13.5". It is part of the Playworks system. PlayWorks is a set of solid hardwood cabinets and appliances that make up a complete dramatic play system. Teachers can stack the PlayWorks units at two basic counter heights, 20" and 26.5". Inspire the imagination of children 2 years and older. With PlayWorks, you'll be ready for any dramatic play theme. Make your own combinations of these components, or choose one of our kits. The smaller kits are easily added to, while the larger kits have a greater variety of possible play themes. Interchangeable tops include cushions, stovetops, and sinks. Every top flips over for stacking or for a new play theme. No protruding hardware: Smooth, rounded corners and beveled cabinet fronts are beautiful and free from sharp edges.					
Low Display-It-All		F771	235.00	each	
Description: The Low Display-It-All provides the opportunity to show off projects, nature exhibits, children's artwork, big books, little books, and more. Teachers and children will have fun as they set up displays. Clear panel protects your displays. Slide the hardwood plywood panel on the back of the shelf for a beautiful hardwood bookcase, or put it in front with ledges, for a continuous display surface. Book storage can be accessed from either side according to the panel's position. Constructed of solid hardwood with rounded corners for safety. Mobility when you want it: flip up the toe trim, relocate the shelf, then drop the trim to disengage and hide the casters, locking the shelf in place. Shelf can stand alone, or be connected to other Roomscapes shelves and panels using posts. Roomscapes is a modular system allowing you to connect shelves and panels at 45° and 90° angles or straight in line. Ideal for room dividers. Dimensions: 36.75"L x 32"H x 14.5"W

Low Kiddie Car		T17	98.00	each	
Description: Even if your children aren't big enough for a tricycle they can learn to steer on Kiddie Cars, exercising large muscles and developing coordination. Community's hardwood Kiddie Cars will hold up to many years of rush-hour traffic, even with the most energetic drivers. The steering column turns easily on a hidden nylon washer. Oversteer protection prevents sudden spills and keeps young drivers on the right path. The solid hardwood seat is smooth and splinter-free. The 6" soft plastic tires roll easily on carpet, tile or any other "road" surface. Dimensions: 14.5"H x 19.5"L Seat height: 8"					
Low Play Divider		F796	2441.00	each	
Description: The Low Play Divider is a Roomscapes divider ideal for Toddlers. Protected yet open, this divider provides a visual boundary while giving caregivers clear supervision. The HideAway Cube is a cozy retreat with varying textures to explore. Low 16" shelving invites infants to pull to a stand and cruise the length of the divider, balanced with the higher shelving to give a more secluded feel. The sweeps and curves add an elegant touch. Designed for a 10'x11' space, yet this is just one out of hundreds of possibilities. Our Roomscapes Shelves and Panels make dividing a room simple and tool-free. You can substitute panels and shelving to meet your needs and budget.					
Low Storage Unit		F24	325.00	each

Lowstar		R214	180.00	each	<input type="text"/>
Description: With its low-slung build and "roll bar," our Lowstar Tricycle is a hot rod! And a safe one at that. Check out the double rear wheels for maximum stability. Pinch free joints – we've hidden our unique over-steer protection in the solid steering column. Frame is welded one inch steel tubing finished with a tough baked-on powder coating. Car makers believe in the long-term benefits of baked-on powder coating. So do we. Designed with wide, entrapment-free handlebars for easy steering, outfitted with cushioned hand grips that feel as good as the look. No head entrapment possibilities. The sealed ball bearings absorb 10 years of vigorous action and never require maintenance. Trikes come fully assembled. No pinch points, no protruding hardware, no fenders, and no spokes. Dimensions: 23"H x 24"W x 31"L					
Me-Do-It Chair 5"		J505	48.00	each	<input type="text"/>
Description: Here is a chair toddlers can adopt as their own, get in and out of, carry, and push. You will enjoy your toddler's delight with the Me-Do-It Chair. It's just the right size, designed specially for a toddler's short legs and wide bottom. Accommodates the knee-first-then-turn ritual typical of beginning sitters. The handholds let your toddlers carry this well-proportioned chair easily. The handhold in the back is the right size for teachers. The seat and back are solid hardwood. The open space between them makes cleaning easy. The sides are strong birch plywood and shaped for stacking. The wide leg base prevents tipping. All corners are heavily rounded for safety. Stack 'em up! The carefully designed Me-Do-It chair allows you to stack both sizes together – safety buttons keep tower stable. Dimensions of seat: 5"H x 6.5"D x 11"W. Recommended table height: 12"					
Me-Do-It Chair 6.5"		J506	51.00	each	<input type="text"/>

Mealtime Chair 10" (25cm) with Tray, Latte		J423	153.00	each	<input type="text"/>
Description: This Mealtime Chair has a removable, contoured seat insert with a shaped post, inviting toddlers to climb right in. The seatbelt and post prevent the child from sliding out. Tray and seat insert are dishwasher safe. As the child grows and masters new skills, you can store the tray and use the Mealtime Chair right at the table. And one last step – remove the seat insert and the child has a basic 10" chair. This chair seats children comfortably with their feet touching the floor. Chair is made of durable wood with rounded edges and corners for safety and easy cleaning. Removable Seat Belt has a unique clip that defies a toddler's attempt to remove it. Everything stacks: the chairs stack with or without the seat insert in place. The seat inserts stack, and the trays stack when placed alternately front to back. And they're quiet too – sound-dampening chair tips reduce friction and noise. Includes Tray. Dimensions of seat: 10"H x 10.25"W x 9.25" Depth. Armrest height: 15.25".

Mealtime Chair 8" (20cm) with Tray, Latte		J443	151.00	each	<input type="text"/>
Description: This Mealtime Chair has a removable, contoured seat insert with a shaped post, inviting toddlers to climb right in. The seatbelt and post prevent the child from sliding out. Tray and seat insert are dishwasher safe. As the child grows and masters new skills, you can store the tray and use the Mealtime Chair right at the table. And one last step – remove the seat insert and the child has a basic 8" chair. This chair seats children comfortably with their feet touching the floor. Chair is made of durable wood with rounded edges and corners for safety and easy cleaning. Removable Seat Belt has a unique clip that defies a toddler's attempt to remove it. Everything stacks: the chairs stack with or without the seat insert in place. The seat inserts stack, and the trays stack when placed alternately front to back. And they're quiet too – sound-dampening chair tips reduce friction and noise. Includes Tray. Dimensions of seat: 8"H x 10.25"W x 9.25" Depth. Armrest height: 13.25".

Medium 22" x 30" MultiTable		A911	152.00	each	<input type="text"/>
Description: MultiTables are strong and light, with adjustable legs that click to new heights in a few seconds, without any tools. Children love to help move them around, or clear them away for Music & Movement. They stack and store easily, making your classroom flexible. Extra strong birch plywood tabletop is laminated on both sides for warp resistance. The aluminum core in each leg adds stability and strength. For longer storage, legs unscrew in two rotations and clip into the leg holder underneath. Legs are right on the edge of the table for maximum stability – they also allow more children to fit around. Because our tables don't need aprons, there is plenty of room for a wheelchair. MultiTables adjust in 1" increments, so the top surface is level with any Classroom Table. Most tables share common dimensions for variety of configurations. MultiTables can be angled for writing and drawing. Seats 1 or 2 children, includes 4 legs. Dimensions: 22" x 30"					
Medium 22" x 44" MultiTable		A915	174.00	each	<input type="text"/>

Microwave		C401	166.00	each	
Description: Microwave doubles as computer or TV. Includes clicking knobs and a clear but unbreakable plastic door. The wooden top even flips over to become a washable cushion seat. Dimensions: 13.5" x 16" x 13.5". It is part of the Playworks system. PlayWorks is a set of solid hardwood cabinets and appliances that make up a complete dramatic play system. Teachers can stack the PlayWorks units at two basic counter heights, 20" and 26.5". Inspire the imagination of children 2 years and older. With PlayWorks, you'll be ready for any dramatic play theme. Make your own combinations of these components, or choose one of our kits. The smaller kits are easily added to, while the larger kits have a greater variety of possible play themes. Interchangeable tops include cushions, stovetops, and sinks. Every top flips over for stacking or for a new play theme. No protruding hardware: Smooth, rounded corners and beveled cabinet fronts are beautiful and free from sharp edges.					
Mini Arch		F838	57.00	each	

Product Name	Mfg's Name	Vendor's Item Number	Price (\$)	Unit Of Measure	Qty
Description: Arches are inviting doorways into activity areas, communicating boundaries and pathways. "You're leaving the block corner – come into the play house." A child-size Roman arch adds architectural drama to your room. Constructed of solid hardwood with rounded edges and corners for safety. Arch does not stand alone. Combine with other Roomscapes panels and shelves to divide your room creatively. Roomscapes is a modular system allowing you to connect shelves and panels at 45° and 90° angles or straight in line. Ideal for room dividers. Dimensions: 20.5"L x 48"H					
Mini Arch Panel		F839	124.00	each	
Description: This Mini Arch Panel provides an inviting window into another activity area. The child-size Roman arch with the bulletin panel below adds architectural drama to your room. Constructed of solid hardwood with rounded edges and corners for safety. Bulletin Panel has a comforting, fuzzy fabric and makes a great display board. This Mini Arch Panel does not stand alone. Combine with other Roomscapes panels and shelves to divide your room creatively. Roomscapes is a modular system allowing you to connect shelves and panels at 45° and 90° angles or straight in line. Ideal for room dividers. Dimensions: 20.5"L x 48"H					
Mini Art Island		H500	450.00	each	
Description: The Mini Art Island is a space saver easel with built-in storage. Double-sided magnetic whiteboards work for paint, dry erase markers or magnetized shapes. Children can attach their own paper using the extra strong magnets. Wooden handholds assist mildly disabled children and are a convenient place for hanging aprons. Adjustable shelf is convenient for paper storage or optional totes. Totes also fit between the A-frame whiteboards. Paint Trays hold art equipment and catch drips. They snap firmly in place and remove easily for cleanup. Hide-away wheels – Flip up the toe trim of the unit, move it where you want, then drop the trim to disengage and hide the casters. Mini Art Island can become a Floor Easel at a moment's notice – just release the latches and lift the A-frame off the base. Includes: Mini Storage Unit, Mini Easel Frame, 2 Mini Whiteboards, and 6 Magnets. Dimensions: 47"H x 25"W x 28"L					
Mini Floor Easel		H505	245.00	each	
Description: The Mini Floor Easel is ideal for toddlers who can reach from the top to the tray. Double-sided magnetic whiteboards work for paint, dry erase markers or magnetized shapes. Children can attach their own paper using the extra strong magnets. Easels fold flat for transport and compact storage. Wooden handholds assist mildly disabled children and are a convenient place for hanging aprons. Paint Trays hold art equipment and catch drips. They snap firmly in place and remove easily for cleanup. Includes: Mini Easel Frame, 2 Mini Whiteboards, and 6 Magnets. Dimensions: 33.5"H x 25"W x 28"L					
Mini Unit Block Double Set		G482	216.00	each	
Description: Delightful for a toddler's small hands and ideal for school-age tabletop play. Educators agree that modular blocks teach mathematical concepts like length, volume, fractions and geometry. Our Mini Unit Blocks are mathematically modular. The length of the mini unit is exactly twice the width, which is exactly twice the thickness. Mini Unit Blocks are precisely half the size of our well-known Unit Blocks. The modularity extends to include the Mini Hollow Blocks, and Hollow Blocks to allow children to build stable structures combining all the sizes. All blocks are precise to within 1/100 of an inch. Cut from solid hardwood with rounded corners and edges for safety. Mini Unit Blocks are small, but safe. They meet small parts tests per US Federal regulations, ASTM, and European toy standards for children old enough to sit unaided. Includes: 182 blocks in 17 shapes. Dimensions of Unit Block: 2 3/4" x 1 3/8" x 1 1/16"					
Mini Unit Blocks		G481	108.00	each

Model 1 Classic Kit		L220	2820.00	each	<input type="text"/>
Description: The Classic Kit of our Community Loft Model 1 is big enough for the teacher to join the fun. This is the perfect Loft for centers with low ceilings. Stairs are just the right width and height for little feet. The space below is great for exploring or just being cozy and there is plenty of space on top. Long recognized as a way to add valuable floor space, Lofts also provide opportunities for a wide variety of play in a small space: cozy places for children to be alone, enclosed areas for house and store play, theater, and library. Community Lofts require no tools for assembly, can be easily reconfigured and meet all safety regulations, making them superior to built-ins. Your classroom space takes on a whole new dimension when you add the Loft's beautiful blend of warm wood and creative design. Lofts assemble without tools or carpenters, using posts, connectors, and childproof caps hold the panels. Modularity means you can reconfigure each Loft in several ways when you want a change.

More Village Vehicles		D612	70.00	each	
Description: Village Vehicles are scaled perfectly to fit in all Community trucks, big and small. Finished with a cleanable non-toxic, durable, water-resistant, clear wood finish. Constructed of solid hardwood with rounded corners and edges for safety. Wheels have rugged rubber tires on tough axles. Villagers have friendly easy to grip curves, and easily pass the small parts test to prevent swallowing. Includes: 2 Cars, 2 Vans, 6 Villagers. Dimensions: Car 4.5"L; Van 5.5"L					
Multi-purpose Easel		H820	245.00	each	
Description: The Multi-purpose Easel is really what it's name says – multi-purpose. Today it's a magnetic board for letter, shape and number games. Tomorrow, it's a dry erase marker board for young authors. At read-aloud time, it's a big book stand, and during "free choice," a painting easel and display board for finished artwork. At the end of the day, it becomes a message board for parents or a presentation easel for staff meetings. It's so adaptable, we should have named it the Chameleon. Hold paper at a convenient height with extra strong magnets. Your children can do it themselves. Use both sides of the magnetic whiteboards and you have four cleanable surfaces for painting and dry erase markers. Position the whiteboards at convenient working height by moving the tray brackets up or down. Tray snaps into place to hold art equipment and catch the paint drips. Remove it easily for cleanup. Store or move the solid hardwood frame by simply folding it flat. Dimensions: 52"H x 24"W x 25"L					
Multi-Storage Shelf 4'(124cm) x 24"(61) no Totes		F693	345.00	each	
Description: This Multi-Storage Shelf is constructed of solid hardwood with rounded corners, protected by a tough, child-safe finish. Combines fixed shelving and totes to give you more options. Sturdy plastic dividers adjust the spacing to accommodate shallow or deep totes or baskets. Totes (not included) are available in 5 colors; red, blue, green, neutral, clear. Clear label holder included with each tote. Assembled using mortise and tenon joinery for strength. Mobility when you want it: flip up the toe trim, relocate the shelf, then drop the trim to disengage and hide the casters, locking the shelf in place. Make use of the shelf back: attach one of our covers using the built-in hook and loop surface. Shelf can stand alone, or be connected to other Roomscapes shelves and panels using posts. Roomscapes is a modular system allowing you to connect shelves and panels at 45° and 90° angles or straight in line. Ideal for room dividers. Dimensions: 48.75"L x 24"H x 14.5"W

Sturdy plastic dividers adjust the spacing to accommodate shallow or deep totes or baskets. Totes are available in 5 colors; red, blue, green, neutral, clear. Clear label holder included with each tote. Assembled using mortise and tenon joinery for strength. Mobility when you want it: flip up the toe trim, relocate the shelf, then drop the trim to disengage and hide the casters, locking the shelf in place. Make use of the shelf back: attach one of our covers using the built-in hook and loop surface. Shelf can stand alone, or be connected to other Roomscapes shelves and panels using posts. Roomscapes is a modular system allowing you to connect shelves and panels at 45° and 90° angles or straight in line. Ideal for room dividers. Dimensions: 48.75"L x 24"H x 14.5"W					
Nap Divider, High		F799	2527.00	each	
Description: The High Nap Divider is a Roomscapes divider ideal for sectioning off the sleeping area of an infant room. Eight Cribs fit inside with plenty of access space between, and room for a Glider. Shelves are reversible, giving you storage and display on both sides. 48" divider height keeps the licensers happy. Observe sleeping infants through the Clear Panels. Designed for an 11' x 16' space, yet this is just one out of hundreds of possibilities. Our Roomscapes Shelves and Panels make dividing a room simple and tool-free. You can substitute panels and shelving to meet your needs and budget.					
Nap Divider, Low		F798	1745.00	each	
Description: The Low Room Divider is a Roomscapes divider ideal for sectioning off the sleeping area of an infant room. Ranging from 32" to 24" high, this low profile divider keeps little explorers out. Eight Cribs fit inside with a distance of two feet between each one. Shelves are reversible, giving you storage and display on both sides. Observe sleeping infants through the Clear Panels. Designed for a 11' x 16' space, yet this is just one out of hundreds of possibilities. Our Roomscapes Shelves and Panels make dividing a room simple and tool-free. You can substitute panels and shelving to meet your needs and budget.

Red Nursery Gym Tunnel		G752	210.00	each	
Description: Children enjoy crawling through this sturdy tunnel. Can be used on the floor with or without the Nursery Gym. Dimensions: 19.5" x 24.5"					
Refrigerator		C363	230.00	each	
Description: The Refrigerator is made of solid hardwood and quality plywood with a durable clear wood finish, and is 15" deep for stability. The generous cooler and freezer storage of the Refrigerator ensures nobody will go hungry. Hinges are pinch free and door handles are recessed – no protruding hardware. Comes fully assembled. Knobs on units click when turned. Assembled using mortise and tenon joinery. The back is faced with pinboard covered with a Velcro compatible loop fabric. Also available in the Woodcrest Kitchen set of four. Dimensions: 38"H x 22"W x 15"D					
Replacement Mattress Only		G11	60.00	each	
Description: One size fits all. This replacement mattress is the right size for all Community Playthings Cribs. Meets the requirements of 16 CFR 1633 Standard for the Flammability (Open Flame) of Mattress Sets.					
Rest Mat		M65	36.00	each	
Description: Our Rest Mats have a beauty that is more than skin deep. Their green and blue color helps you remember which side is clean. The four-section fold helps you keep the clean side clean, even during storage. Keep the clean side up for nap time, and fold the same clean side in for storage. Rest Mat folds to 13" x 25" x 4.5" for space-saving storage. Spills are easy to clean up too, because our heat-sealed folds keep moisture from seeping through. The sturdy ten-ounce					

Product Name	Mfg's Name	Vendor's Item Number	Price (\$)	Unit Of Measure	Qty
vinyl-laminated nylon fabric is mildew resistant and flame retardant. Heat-sealed fold lines keep moisture from seeping through. Soft 1" urethane foam padding stays fresh and odor-free. Dimensions: 25"W x 52"L x 1"Thick					
Rest Time Blanket		S15	23.00	each	<input type="text"/>
Description: The Rest Time Blanket has comfortable blue fleece on both sides, keeping the child cozy and warm. It is color fast and machine-washable with a knit edgebanding to prevent fraying. Dimensions: 36" x 59"					
Roadstar I Tricycle		R211	175.00	each	<input type="text"/>
Description: The Roadstar I Tricycle is our most popular model in a small size. Pinch free joints – we've hidden our unique over-steer protection in the solid steering column. Frame is welded one inch steel tubing finished with a tough baked-on powder coating. Car makers believe in the long-term benefits of baked-on powder coating. So do we. Designed with wide, entrapment-free handlebars for easy steering, outfitted with cushioned hand grips that feel as good as the look. No head entrapment possibilities. The sealed ball bearings absorb 10 years of vigorous action and never require maintenance. It comes with a built-in hitch to hook up a Loadstar Trailer. Trikes come fully assembled. No pinch points, no protruding hardware, no fenders, and no spokes. Dimensions: 24"H x 20"W x 27"L					
Roadstar II Tricycle		R213	180.00	each	<input type="text"/>
Description: The Roadstar II Tricycle is the big version of our most popular model. Just be sure you get enough of these for your playground – there are limits to sharing. Pinch free joints – we've hidden our unique over-steer protection in the solid steering column. Frame is welded one inch steel tubing finished with a tough baked-on powder coating. Car makers believe in the long-term benefits of baked-on powder coating. So do we. Designed with wide, entrapment-free handlebars for easy steering, outfitted with cushioned hand grips that feel as good as the look. No head entrapment possibilities. The sealed ball bearings absorb 10 years of vigorous action and never require maintenance. It comes with a built-in hitch to hook up a Loadstar Trailer. Trikes come fully assembled. No pinch points, no protruding hardware, no fenders, and no spokes. Dimensions: 26"H x 22.5"W x 33"L					
Rocking Boat		V43	235.00	each	<input type="text"/>
Description: Pitch and toss; the solid hardwood Rocking Boat won't capsize. Teamwork, fun, and good exercise are here for your active children. Turn the boat over and you have a set of stairs to climb. Up to four children can safely rock together because the seats are secured with strong dado joints. The thick, rounded sides provide a stable base and a quiet ride. Their long shape prevents tipping. Sturdy handrails let everyone hang on for a safe ride. Dimensions: 48"L x 24"W x 14"H					
Rocking Chair		J800	85.00	each	<input type="text"/>
Description: This Rocking Chair is our traditional wooden child's rocker with comfortable contoured seat and back. This child-sized rocker will be in daily demand for storytime, or in the play corner. Little children will create their own world, as mommies, daddies, nurses – let imaginations soar! Tightly locking dowel construction to ensure lasting strength. Finished with a cleanable non-toxic, durable, water-resistant, clear wood finish. This chair is almost impossible to tip over. Dimensions of seat: 10.5"H x 11"W x 12"D. Armrest height: 15.5".					
Room Divider		F797	2787.00	each	<input type="text"/>
Description: The Room Divider is a Roomscapes divider ideal for sectioning off the sleeping area of an infant room. Shelving faces both ways, providing storage for your two new classrooms. Attaches to the wall with screws for maximum stability. The Adjustable Panel is 2' wide and can adjust up to 3' wide with no tools, to fill any odd-size gaps. The sweeps and curves add an elegant touch. Angle the Panels at 45 or 90 degree angles to alter the length of the divider. Designed to span a 28' to 32' long space, yet this is just one out of hundreds of possibilities. Our Roomscapes Shelves and Panels make dividing a room simple and tool-free. You can substitute panels and shelving to meet your needs and budget.					
Roomscapes Canopy		F871	175.00	each	<input type="text"/>

Product Name	Mfg's Name	Vendor's Item Number	Price (\$)	Unit Of Measure	Qty
Description: Mount a canopy onto a shelf, and you have an instant store or stand! This Canopy fits on any 3' or 4' long shelf unit that is 24" or 32" high. You may need 24" or 32" Roomscapes Posts to match the height of the shelf unit. Constructed of solid hardwood with rounded corners and edges for safety and a sturdy acrylic fabric coated with a stain and soil resistant finish. Dimensions: 58.5"H x 56"L					
Roomscapes Gate		F836	270.00	each	<input type="text"/>
Description: The Roomscapes Gate doorway is 36" wide set between clear panels. The latch is easily accessible to people in wheelchairs and infant-carrying caregivers. Constructed of solid hardwood and durable hardwood plywood, with pinch-free hinges. It is important to attach your Roomscapes Gate safely. Combine with other Roomscapes panels and shelves to divide your room creatively. Roomscapes is a modular system allowing you to connect shelves and panels at 45° and 90° angles or straight in line. Ideal for room dividers. Dimensions: 60.75"L x 32"H					
Roomscapes Post 16" (41cm)		F752	20.00	each	<input type="text"/>
Description: Shelves stand alone, or can be connected to other Roomscapes shelves and panels using Posts. The eight-sided posts connect Roomscapes shelves, panels and doorways at 45° and 90° angles or straight in line. Roomscapes Posts fit into the built-in couplings on Roomscapes shelves or panels securely locking them into position. Childproof lock ring on the bottom of every post prevents children from taking setups apart. Dimensions: 2.5" Diameter, 16"H					
Roomscapes Post 24"(61cm)		F753	22.00	each	<input type="text"/>
Description: Shelves stand alone, or can be connected to other Roomscapes shelves and panels using Posts. The eight-sided posts connect Roomscapes shelves, panels and doorways at 45° and 90° angles or straight in line. Roomscapes Posts fit into the built-in couplings on Roomscapes shelves or panels securely locking them into position. Childproof lock ring on the bottom of every post prevents children from taking setups apart. Dimensions: 2.5" Diameter, 24"H					
Roomscapes Post 32"(81cm)		F754	24.00	each	<input type="text"/>
Description: Shelves stand alone, or can be connected to other Roomscapes shelves and panels using Posts. The eight-sided posts connect Roomscapes shelves, panels and doorways at 45° and 90° angles or straight in line. Roomscapes Posts fit into the built-in couplings on Roomscapes shelves or panels securely locking them into position. Childproof lock ring on the bottom of every post prevents children from taking setups apart. Dimensions: 2.5" Diameter, 32"H					
Roomscapes Post 40"(102cm)		F755	26.00	each	<input type="text"/>
Description: Shelves stand alone, or can be connected to other Roomscapes shelves and panels using Posts. The eight-sided posts connect Roomscapes shelves, panels and doorways at 45° and 90° angles or straight in line. Roomscapes Posts fit into the built-in couplings on Roomscapes shelves or panels securely locking them into position. Childproof lock ring on the bottom of every post prevents children from taking setups apart. Dimensions: 2.5" Diameter, 40"H					
Roomscapes Post 48"(122cm)		F756	28.00	each	<input type="text"/>
Description: Shelves stand alone, or can be connected to other Roomscapes shelves and panels using Posts. Sand & Water Table Long Legs 33"(84cm)		A683	43.00	each	<input type="text"/>
Description: This Set of Long Legs is a component of the Sand and Water Centers. These additional 33" long table legs raise the Sand & Water Center, providing ample leg room so a wheelchair can roll right up, and children with disabilities can join the fun. Constructed of solid hardwood with rounded corners and edges for safety with sturdy wheels at one end for ease of transport. Floor to pan clearance: 28"					
School Set Hollow Blocks		B652	2010.00	each	<input type="text"/>
Description: Lifting, bending, carrying, stacking – large muscles and imaginations are hard at work when your children build with these easy-to-grasp blocks. Hollow Blocks can be used with Mini Unit Blocks, Unit Blocks, and Mini Hollow Blocks; they share the same modular dimensions. These Hollow Blocks can take the wear and tear builders will give them. All edges are chamfered for safety. Constructed of solid hardwood, and protected by non-toxic wood preservative. All joints are securely fastened with screws. Open ends allow small hands to pick the blocks up easily. Includes: 88 pieces in 6 shapes Dimensions of Square: 5.5"H x 11"W x 11"L					
School Set Unit Blocks		G464	1580.00	each	<input type="text"/>
Description: Blocks are teachers, not just toys. Educators agree that modular blocks teach mathematical concepts like length, volume, fractions and geometry. Our Unit Blocks are mathematically modular. The length of each unit is exactly twice the width, which is exactly twice the thickness. The modularity extends to include the Mini-Unit Blocks, Mini-Hollow Blocks, and Hollow Blocks to allow children to build stable structures combining all the sizes. All blocks are precise to within 1/100 of an inch. Cut from solid hardwood with rounded corners and edges for safety. Includes: 720 blocks in 20 shapes. Dimensions of Unit Block: 5 1/2" x 2 3/4" x 1 3/8"					

Product Name	Mfg's Name	Vendor's Item Number	Price (\$)	Unit Of Measure	Qty
Scooter		R302	165.00	each	
Description: Scooters teach important balancing skills. Our two-wheeled Scooter has wide tires for stable, speedy riding. Pinch free joints – we've hidden our unique over-steer protection in the solid steering column. Frame is welded one inch steel tubing finished with a tough baked-on powder coating. Car makers believe in the long-term benefits of baked-on powder coating. So do we. Designed with wide, entrapment-free handlebars for easy steering, outfitted with cushioned hand grips that feel as good as the look. No head entrapment possibilities. The sealed ball bearings absorb 10 years of vigorous action and never require maintenance. Trikes come fully assembled. No pinch points, no protruding hardware, no fenders, and no spokes. Dimensions: 26"H x 14"W x 30"L					
Seatbelt for Childshape Chairs		J439	13.00	each	
Description: Seat Belt offers additional support and has a quick-release buckle which can be adjusted to fit individual children. Made of a washable polypropylene webbing with locking buckle of a tough polymer. Optional seatbelt for use on 8", 10" or 12" Childshape Chairs.					
Semi (Artic)		T15	104.00	each	
Description: The Semi has lots of room for cargo. One of our Small Trucks will easily roll into the trailer. Put the lid on, close the tailgate, and off you go for a ride! Community vehicles have simple, uncluttered designs that encourage imagination. These durable, solid hardwood toys have gently rounded edges and corners, protected with a child-safe clear finish. The non-marking, industrial wheels have steel axles – they won't come off. The big trucks were made for riding. Team them up with the smaller vehicles for inter-city highway transportation. Drivers, start your engines! Includes 2 Villagers. Dimensions: 27"L					
Set Four for Montessori		F404	1260.00	each	
Description: Graceful curves and the warm glow of maple wood invite your children into a Montessori environment. Mobility when you want it: flip up the toe trim of any 4-foot shelf, relocate it, then drop the trim to disengage and hide the casters, locking the shelf in place. Constructed of solid hardwood with rounded corners, protected by a tough, child-safe finish. Assembled using mortise and tenon joinery for strength. Includes: 2 Closed Back Shelves, 3 Corner Shelves. Dimensions of Open Back Shelf: 48"L x 28"H x 14.5"W					
Set of 10 Magnets		H540	18.00	each	
Description: Extra strong magnets hold paper onto the easel or art island at appropriate height for painting or display

Set of Five Small Trucks		T70	240.00	each	<input type="text"/>
Description: Community vehicles have simple, uncluttered designs that encourage imagination. These durable, solid hardwood toys have gently rounded edges and corners, protected with a child-safe clear finish. The non-marking, industrial wheels have steel axles – they won't come off. The Small Trucks have a driver that can get in and out of the cab. Children will create their own villages and towns using Blocks, Small Trucks, Airplanes and Helicopters, together with plenty of Village Vehicles. Includes: Small Tank Truck, Small Dump Truck, Small Semi, Small Flatbed, Small Fire Truck, 8 Villagers					
Set of Four Big Trucks		T114	415.00	each	<input type="text"/>
Description: These big trucks were made for riding. Team them up with the smaller vehicles for inter-city highway transportation. Drivers, start your engines! Includes: Semi Truck, Flatbed Truck, Bus, and Fire Engine, plus 8 Villagers.					
Set One for Montessori		F401	970.00	each	<input type="text"/>
Description: Graceful curves and the warm glow of maple wood invite your children into a Montessori environment. Mobility when you want it: flip up the toe trim of any 4-foot shelf, relocate it, then drop the trim to disengage and hide the casters, locking the shelf in place. Constructed of solid hardwood with rounded corners, protected by a tough, child-safe finish. Assembled using mortise and tenon joinery for strength. Includes, 1 Open Back Shelf, 2 Open Sweep Shelves, 1 Corner Shelf. Dimensions of Open Back Shelf: 48"L x 28"H x 14.5"W					
Set Three for Montessori		F403	990.00	each	<input type="text"/>
Description: Graceful curves and the warm glow of maple wood invite your children into a Montessori environment. Mobility when you want it: flip up the toe trim of any 4-foot shelf, relocate it, then drop the trim to disengage and hide the casters, locking the shelf in place. Sink		C362	210.00	each	<input type="text"/>
Description: The Sink is made of solid hardwood and quality plywood with a durable clear wood finish, and is 15" deep for stability. Hinges are pinch free and door handles are recessed – no protruding hardware. Comes fully assembled. Knobs on units click when turned, faucets swivel. Assembled using mortise and tenon joinery. Sink tote is a durable plastic which holds real soap and water. The back is faced with pinboard covered with a Velcro compatible loop fabric. Also available in the Woodcrest Kitchen set of four. Dimensions: 25.5"H x 22"W x 15"D. Counter Height 24"					
Sink		C422	211.00	each	<input type="text"/>
Description: The Sink includes a drawer unit, removable white basin, hot and cold clicking knobs, and a swiveling faucet. Dimensions: 20" x 16" x 13.5". It is part of the Playworks system. PlayWorks is a set of solid hardwood cabinets and appliances that make up a complete dramatic play system. Teachers can stack the PlayWorks units at two basic counter heights, 20" and 26.5". Inspire the imagination of children 2 years and older. With PlayWorks, you'll be ready for any dramatic play theme. Make your own combinations of these components, or choose one of our kits. The smaller kits are easily added to, while the larger kits have a greater variety of possible play themes. Interchangeable tops include cushions, stovetops, and sinks. Every top flips over for stacking or for a new play theme. No protruding hardware: Smooth, rounded corners and beveled cabinet fronts are beautiful and free from sharp edges.

Tips on chair legs help keep noise down. The wide base gives Woodcrest Chairs plenty of stability without protruding legs. Includes: Table 22"L x 22"W x 18"H and 2 Woodcrest Chairs 10"H					
Square Woodcrest Table 20" and Two Chairs 12"		C224	295.00	each	
Description: Woodcrest Tables have a solid hardwood table top, 1-1/8" thick, with rounded corners and edges for safety. The clear water-resistant wood finish brings out the beauty of the hardwood grain. Table Legs are hardwood with a protective lacquer, and rubber base-foot fastened with an embedded screw for strength. Threaded leg design allows tool-free assembly, and easy removal for storage. Woodcrest Chairs are natural, all-wood chairs that are both graceful and extremely durable. One-piece construction means they are easy to clean and there are no joints to work loose. Tips on chair legs help keep noise down. The wide base gives Woodcrest Chairs plenty of stability without protruding legs. Includes: Table 22"L x 22"W x 20"H and 2 Woodcrest Chairs 12"H					
Starter Scooter		R301	155.00	each	
Description: The Starter Scooter is so stable, it stands by itself. Three wheels and a low center of gravity give young riders a chance to learn balancing skills. Pinch free joints – we've hidden our unique over-steer protection in the solid steering column. Frame is welded one inch steel tubing finished with a tough baked-on powder coating. Car makers believe in the long-term benefits of baked-on powder coating. So do we. Designed with wide, entrapment-free handlebars for easy steering, outfitted with cushioned hand grips that feel as good as the look. No head entrapment possibilities. The sealed ball bearings absorb 10 years of vigorous action and never require maintenance. Trikes come fully assembled. No pinch points, no protruding hardware, no fenders, and no spokes. Dimensions: 23.5"H x 14"W x 26"L					
Storage Chest and 2 Block Trays		A142	225.00	each	
Description: This Storage Chest with lid is a 'toybox on wheels'. Constructed of solid hardwood with rounded corners and edges for safety, and a non-warping plywood lid. Sturdy non-marking swivel casters for mobility. Includes 2 Block Trays which add additional block storage for the Storage Chest. Storage Chest Dimensions: Dimensions: 12"H x 27"L x 15.5"W. Block Tray Dimensions: 4"H x 27"L x 15.5"W					
Storage Chest Only		A14	106.00	each	
Description: This Storage Chest with lid is a 'toybox on wheels'. Constructed of solid hardwood with rounded corners and edges for safety, and a non-warping plywood lid. Sturdy non-marking swivel casters for mobility. Dimensions: 12"H x 27"L x 15.5"W					
Stove		C361	210.00	each	
Description: The Stove is made of solid hardwood and quality plywood with a durable clear wood finish, and is 15" deep for stability. Hinges are pinch free and door handles are recessed – no protruding hardware. Comes fully assembled. Knobs on units click when turned. Assembled using mortise and tenon joinery. Stove					

Product Name	Mfg's Name	Vendor's Item Number	Price (\$)	Unit Of Measure	Qty
door is a clear plastic, and has raised burners of a durable plastic. The back is faced with pinboard covered with a Velcro compatible loop fabric. Also available in the Woodcrest Kitchen set of four. Dimensions: 25.5"H x 22"W x 15"D. Counter Height 24"					
Stove		C413	207.00	each	<input type="text"/>
Description: Stove includes 4 raised burners, clicking knobs, and a bottom broiler. The oven door flips down out of the way and has an unbreakable window. Dimensions: 20" x 16" x 13.5". It is part of the Playworks system. PlayWorks is a set of solid hardwood cabinets and appliances that make up a complete dramatic play system. Teachers can stack the PlayWorks units at two basic counter heights, 20" and 26.5". Inspire the imagination of children 2 years and older. With PlayWorks, you'll be ready for any dramatic play theme. Make your own combinations of these components, or choose one of our kits. The smaller kits are easily added to, while the larger kits have a greater variety of possible play themes. Interchangeable tops include cushions, stovetops, and sinks. Every top flips over for stacking or for a new play theme. No protruding hardware: Smooth, rounded corners and beveled cabinet fronts are beautiful and free from sharp edges.					
Supplementary Set Unit Blocks		G475	170.00	each	<input type="text"/>
Description: Blocks are teachers, not just toys. Educators agree that modular blocks teach mathematical concepts like length, volume, fractions and geometry. Our Unit Blocks are mathematically modular. The length of each unit is exactly twice the width, which is exactly twice the thickness. The modularity extends to include the Mini-Unit Blocks, Mini-Hollow Blocks, and Hollow Blocks to allow children to build stable structures combining all the sizes. All blocks are precise to within 1/100 of an inch. Cut from solid hardwood with rounded corners and edges for safety. Includes: 57 blocks in 14 shapes. Dimensions of Unit Block: 5 1/2" x 2 3/4" x 1 3/8"					
Supply Unit 3 w/ totes or baskets		H577	760.00	each	<input type="text"/>
Description: This Supply Unit 3 is an organizer for a wide variety of arts and crafts materials. It has stand-up storage for collage catalogs, a dowel for ribbon rolls, small totes turning visual sorting into a game. The artistic Paper Corner holds a day's supply of paper. Tool Corner stores the tools of the trade in five cups and five scissor holes. ...all this on top of a Tote Shelf with 9 Baskets or Deep Totes. The shelf is constructed of solid hardwood with rounded corners. Sturdy plastic dividers adjust the spacing to accommodate shallow or deep totes or baskets. Mobility when you want it: flip up the toe trim of the shelf, relocate it, then drop the trim to disengage and hide the casters, locking the shelf in place. Shelf can stand alone, or be connected to other Roomscapes shelves and panels using posts. Roomscapes is a modular system allowing you to connect shelves and panels at 45° and 90° angles or straight in line. Ideal for room dividers. Dimensions: 36.75"L x 40"H x 14.5"W					
Supply Unit 4 w/ totes or baskets		H578	915.00	each	<input type="text"/>

Tan Nursery Gym Tunnel		G753	210.00	each	<input type="text"/>
Description: Children enjoy crawling through this sturdy tunnel. Can be used on the floor with or without the Nursery Gym. Dimensions: 19.5" x 24.5"					
Teacher Chair, 12"		J432	142.00	each	<input type="text"/>
Description: This Teacher's Low Chair is designed for the caregiver. At 12" high, it's a sturdy chair providing enough seat depth, width, and back support for the average adult. The "TLC" comfortably seats teachers low enough to interact with young children at their level. Made of laminated maple veneer, with a tough, clear finish, the Teacher's Low Chair will give you many years of solid service. The handhold makes this chair easy to move from one location to another. Lightweight yet strong, the "TLC's" laminated hardwood matches your other Community Playthings furniture. Maximum weight limit: 375 lbs. Dimensions of seat: 12"H x 15.5"W x 14.5"D					
Teacher Door		F835	300.00	each	<input type="text"/>
Description: The Teacher Door with its inviting Roman arch adds architectural drama to your room. The doorway is 36" wide, exceeding ADA guidelines. The latch is easily accessible to people in wheelchairs and infant-carrying caregivers. Constructed of solid hardwood and durable hardwood plywood, with pinch-free hinges. It is important to attach your Teacher Door safely. Combine with other Roomscapes panels and shelves to divide your room creatively. Roomscapes is a modular system allowing you to connect shelves and panels at 45° and 90° angles or straight in line. Ideal for room dividers. Dimensions: 44.75"L x 79.5"H					
Three Push Me-Pull Me		P60	290.00	each	<input type="text"/>
Description: Hitch up a train of Push Me-Pull Me cars, and the fun begins. Unhitch the train, and each Push Me-Pull Me becomes a single car. Little drivers can fit just right on this wide, comfortable seat, and they can sit facing front or back. Constructed of solid hardwood with a steel-reinforced hitch pin to link the cars together quickly and easily. Soft plastic tires on 6" wheels ensure a smooth ride. Steering is easy with the 2" casters. Includes: 3 Push Me-Pull Me cars. Dimensions: 15.5"H x 29"L x 12"W. Seat height: 9"					
Three R211 Tricycles		R231	510.00	each	<input type="text"/>
Description: Set of 3 Roadstar I Tricycles, which is our most popular model in a small size. Pinch free joints – we've hidden our unique over-steer protection in the solid steering column. Frame is welded one inch steel tubing finished with a tough baked-on powder coating. Car makers believe in the long-term benefits of baked-on powder coating. So do we. Designed with wide, entrapment-free handlebars for easy steering, outfitted with cushioned hand grips that feel as good as the look. No head entrapment possibilities. The sealed ball bearings absorb 10 years of vigorous action and never require maintenance. It comes with a built-in hitch to hook up a Loadstar Trailer. Trikes come fully assembled. No pinch points, no protruding hardware, no fenders, and no spokes. Dimensions: 24"H x 20"W x 27"L					
Three R213 Tricycles		R234	525.00	each	<input type="text"/>
Description: Set of 3 Roadstar II Tricycles, which is the big version of our most popular model. Just be sure you get enough of these for your playground – there are limits to sharing. Totstar		R215	135.00	each	<input type="text"/>
Description: This Totstar is the tricycle for tots. Who needs pedals? A toddler's first wheels should be powered by direct contact with the ground. Pinch free joints – we've hidden our unique over-steer protection in the solid steering column. Frame is welded one inch steel tubing finished with a tough baked-on powder coating. Car makers believe in the long-term benefits of baked-on powder coating. So do we. Designed with wide, entrapment-free handlebars for easy steering, outfitted with cushioned hand grips that feel as good as the look. No head entrapment possibilities. The sealed ball bearings absorb 10 years of vigorous action and never require maintenance. Trikes come fully assembled. No pinch points, no protruding hardware, no fenders, and no spokes. Dimensions: 20.5"H x 18"W x 28.5"L					
Tulip Apron Large		H863	22.00	each	<input type="text"/>
Description: This blue Tulip Apron is for a child 45"-52" tall. The tulip sleeve design protects a child's clothing without restricting arm movement. Why are Tulip Aprons your best choice? They are soft nylon, machine-washable, waterproof, secured with hook & loop fastener, and have a sturdy loop hanger.					
Tulip Apron Medium		H862	21.00	each	<input type="text"/>
Description: This red Tulip Apron is for a child 38"-45" tall. The tulip sleeve design protects a child's clothing without restricting movement. Why are Tulip Aprons your best choice? They are soft nylon, machine-washable, waterproof, secured with hook & loop fastener, and have a sturdy loop hanger.					
Tulip Apron Small		H861	20.00	each	<input type="text"/>
Description: This yellow Tulip Apron is for a child 32"-38" tall. The tulip sleeve design protects a child's clothing without restricting movement. Why are Tulip Aprons your best choice? They are soft nylon, machine-washable, waterproof, secured with hook & loop fastener, and have a sturdy loop hanger.					
Tweeler		R245	170.00	each	<input type="text"/>
Description: This Tweeler pedals like a trike, but balances like a bike, providing its driver with a smooth transition to two-wheeled vehicles. Pinch free joints – we've hidden our unique over-steer protection in the solid steering column. Frame is welded one inch steel tubing finished with a tough baked-on powder coating. Car makers believe in the long-term benefits of baked-on powder coating. So do we. Designed with wide, entrapment-free handlebars for easy steering, outfitted with cushioned hand grips that feel as good as the look. No head entrapment possibilities. The sealed ball bearings absorb 10 years of vigorous action and never require maintenance. Trikes come fully assembled. No pinch points, no protruding hardware, no fenders, and no spokes. Dimensions: 25.5"H x 18.5"W x 35"L					
Twinstar Tricycle		R222	270.00	each	<input type="text"/>
Description: Two can hit the town on the Twinstar Tricycle. Notice we thoughtfully provided rear handlebars for safe back seat driving. The footboard doubles as a cargo stow. Pinch free joints – we've hidden our unique over-steer protection in the solid steering column. Frame is welded one inch steel tubing finished with a tough baked-on powder coating. Car makers believe in the long-term benefits of baked-on powder coating. So do we. Designed with wide, entrapment-free handlebars for easy steering, outfitted with cushioned hand grips that feel as good as the look. No head entrapment possibilities. The sealed ball bearings absorb 10 years of vigorous action and never require maintenance. It comes with a built-in hitch to hook up a Loadstar Trailer. Trikes come fully assembled. No pinch points, no protruding hardware, no fenders, and no spokes. Dimensions: 26"H x 22.5"W x 41"L					
Two Hollow Block Ramps		B613	90.00	each	<input type="text"/>
Description: Lifting, bending, carrying, stacking – large muscles and imaginations are hard at work when your children build with these easy-to-grasp blocks. Hollow Blocks can be used with Mini Unit Blocks, Unit Blocks, and Mini Hollow Blocks; they share the same modular dimensions. These Hollow Blocks can take the wear and tear builders will give them. All edges are chamfered for safety. Constructed of solid hardwood, and protected by non-toxic wood preservative. All joints are securely fastened with screws. Open ends allow small hands to pick the blocks up easily. Includes: 2 Ramps. Dimensions of Ramp: 5.5"H x 11"W x 22"L					
Two Hollow Block Squares		B611	60.00	each	<input type="text"/>

Product Name	Mfg's Name	Vendor's Item Number	Price (\$)	Unit Of Measure	Qty
Description: Lifting, bending, carrying, stacking – large muscles and imaginations are hard at work when your children build with these easy-to-grasp blocks. Hollow Blocks can be used with Mini Unit Blocks, Unit Blocks, and Mini Hollow Blocks; they share the same modular dimensions. These Hollow Blocks can take the wear and tear builders will give them. Two-Seater Desk		A520	285.00	each	<input type="text"/>
Description: The Two-Seater Desk is an antidote to the standard institutional look. Tabletop is high-pressure laminated on both sides which produces a desk top that is strong and warp resistant. Tabletops are 1 1/8" thick with heat sealed banding to keep moisture out. Rounded corners for safety. Choose between solid hardwood or adjustable legs. No tools are needed. Solid hardwood legs (22"-30" heights are available in 2" increments) rotate into place with a few turns. Adjustable legs offer more age-range flexibility (21"-30" in 1" increments). Picture the desk without the legs to visualize how easy it is to store away when enrollment changes. Two-seater desk facilitates group learning, and is a space- and price-saving option for a busy classroom. The generous storage capacity is 40% more storage space than other wood desks. We designed away the apron that usually wastes space. Includes a built-in pencil holder. Dimensions of table top: 18"x48" Compartment dimensions: 4"H x 22"W x 15"D					
Two-Space Locker		A755	250.00	each	<input type="text"/>
Description: This Two-Space Locker can divide your entry area from the rest of the classroom, reducing the appearance of clutter. They can stand against a wall or in a corner. Solid hardwood construction with rounded corners and edges for safety, and durable hardwood plywood backs. Finished with a cleanable non-toxic, durable, water-resistant, clear wood finish. Assembled using mortise and tenon joinery for strength. Tough ABS Plastic hooks. Ample storage space above and below. The deep cubbies also provide a wide sitting area. Choose Deep Totes or Baskets to slide neatly into the bottom cubbies and keep accessories contained and out of sight. Dimensions: 24.5"L x 52"H x 14 1/2"D; Top cubbies 7 1/2"H x 11"W x 10 7/8"Deep					
Universal Sand & Water Center		A630	1075.00	each	<input type="text"/>
Description: This Universal Sand and Water Center offers many creative play opportunities. You can attach the pulleys and funnels to the Canopy bar or place the Flow Pan across the main pan, creating a second level for water flow. Choose clear or turquoise pans. Air can circulate under the lid, which helps prevent mold. Legs adjust to heights of 18" and 24" or can be removed for 10½" height for one-year-olds. Just one table for all ages. Lid doubles as a play or work surface. Super-tough, resin-impregnated plywood frames the Sand and Water pan. Flexible hose with attached cap to control draining water. Lift one end of the table and wheel it easily into another play area. Includes: Large Table (lid, adjustable legs, pan, and playshef); Small Table (lid, adjustable legs, pan, and playshef); 1 Large and 1 Small Storage Rack; Canopy; 2 Flow Pans; 2 Extras Kit.

Welsh Cupboard		C423	260.00	each	<input type="text"/>
Description: The Welsh Cupboard includes a pair of shelves, valance and curtains. The shelves are 18 inches high, and fit on any PlayWorks unit or counter top. The Valance connects shelves when placed side by side or when separated by one or two units. The Welsh Cupboard is part of the Playworks System. PlayWorks is a set of solid hardwood cabinets and appliances that make up a complete dramatic play system. Teachers can stack the PlayWorks units at two basic counter heights, 20" and 26.5". Inspire the imagination of children 2 years and older. With PlayWorks, you'll be ready for any dramatic play theme. Make your own combinations of these components, or choose one of our kits. The smaller kits are easily added to, while the larger kits have a greater variety of possible play themes. Interchangeable tops include cushions, stovetops, and sinks. Every top flips over for stacking or for a new play theme. No protruding hardware: Smooth, rounded corners and beveled cabinet fronts are beautiful and free from sharp edges.					
Wide Adjustable Storage Shelf		F24A	340.00	each	<input type="text"/>
Description: The Adjustable Storage Unit has an adjustable shelf which can be moved up and down easily without tools. Constructed of solid hardwood with rounded corners, protected by a tough, child-safe finish. 2" heavy-duty swivel casters are hidden behind the trim, ready to roll. With the fabric bulletin backs, you can attach a mirror, chalkboard, or clear cover. Assembled using mortise and tenon joinery for strength. Dimensions: 48"L x 28"H Shelves are 11.5"D					
Window Panel		F743	150.00	each	<input type="text"/>
Description: It's a house. It's a store. It's a theater! Panels can be more than dividers – try the Window Panel in your Dramatic Play area, or Library. Curtains slide on a rod and tie back with colorful cords. Constructed of hardwood plywood with a solid hardwood frame with rounded edges and corners for safety. Curtain material is 100% polyester. Panels do not stand alone. Combine with other Roomscapes panels and shelves to divide your room creatively. Roomscapes is a modular system allowing you to connect shelves and panels at 45° and 90° angles or straight in line. Ideal for room dividers. Dimensions: 36.75"L x 32"H					
Woodcrest Chair 10"		J710	81.00	each	<input type="text"/>
Description: The natural, all-wood Woodcrest Chairs are both graceful and extremely durable. One-piece construction means they are easy to clean and there are no joints to work loose. The wide base gives Woodcrest Chair plenty of stability without protruding legs. No tipping, no tripping! The patented, lightweight Woodcrest Chair is made of one-piece multi-ply laminated hardwood and protected with childsafe clear finish. The wide seat and ergonomic design support good posture. The rounded "waterfall" chair front adds comfort and encourages circulation. The durable chair tips reduce noise and won't mark the floor even when the children push or scoot the chair. Dimensions of seat: 10"H x 11.5"W x 9.5"D
